*Development Studies and Colonial Policy* Barbara Ingham, Colin Simmons, 2005-06-28 First Published in 1987 Routledge is an imprint of Taylor Francis an informa company

*The Transformation of Southeast Asian Economies* Teofilo C. Daquila, 2007 This book analyses the growth development and crisis experiences of the Southeast Asian economies in particular Indonesia Malaysia the Philippines Singapore and Thailand also known as ASEAN 5 The proposition is developed that the robust economic performance of the Southeast Asian economies during the past four decades has been attributed to the various factors developments and independent national policies which have been pursued by the individual member countries rather than to any regional economic framework The book covers eleven topics which is suitable for a one semester course on the economics of Southeast Asia Also it has a narrower area coverage as it focuses only on the five economies namely Indonesia Malaysia the Philippines Singapore and Thailand The sectoral treatment of the crisis impact and the analytical treatment of policy responses to the crisis differentiate this book from other publications on the same topic Finally the book provides an analysis of national developments policies and factors which have contributed to the economic transformation of the respective Southeast Asian economies

**Decentralization and Economic Development in Nigeria** Nwafejoku Okolie Uwadibia, 2000 This is the only book of its kind to address the effect of agricultural decentralization on the Nigerian national economy In his effort to demonstrate how decentralization promotes development that can economically empower individuals Uwadibia thoroughly analyzes three key aspects of Nigeria's decentralization policy These are the Local Government Reform Act of 1976 the creation of new states and the implementation of the Structural Adjustment Program SAP Together these policies reduced the overall role of the federal government in the national economy by diverting revenue to states and dissolving the federal government's direct ownership of agricultural enterprises Based on his extensive research Uwadibia concludes by making a number of additional policy recommendations that he believes are essential for Nigeria to become self

sufficient in food production Those with an interest in African studies economic development or agricultural production will find much to their liking in this work **Economic Development** Michael P. Todaro, Stephen C. Smith, 2006 Todaro and Smith believe that development economics should foster a student's ability to understand real problems faced by developing countries Unlike other texts **Economic Development** introduces economic models within the context of countries and issues so that students learn to analyze and engage in the ongoing policy debates Praised for its even balanced coverage the text helps students to evaluate issues using the best available cross sectional data economic theory and institutional and structural perspectives Keeping pace with current data and events the Ninth Edition includes the latest research in development as well as extensive country specific examples of topics such as transition economics and urban policy Reorganization from four parts to three provides a more streamlined sequencing for economic development courses All new country case studies target pertinent issues such as Divergent Development Pakistan and Bangladesh and Understanding a Development Miracle China Thoroughly updated and revised comparison case studies provide the most current illustrations of policy and its outcomes major development organizations New research on rural development economics and the green revolution in Chapter 9 Extended coverage of non governmental organizations and how they compare with government and private sectors in Chapter 11 Political Economy and the Roles of Market Chapter 14 takes a critical look at the World Bank and the burden of debt **Energy Abstracts for Policy Analysis**, 1978 **Agricultural Economics, Agriculture in Economic Development & Health Economics** Edward Tower, 1985 **Technology, Globalization, and Sustainable Development** Nicholas A. Ashford, Ralph P. Hall, 2011-10-18 In this work the authors offer a unified transdisciplinary approach for achieving sustainable development in industrialized nations They present an insightful analysis of the ways in which industrial states are unsustainable and how economic and social welfare are related to the environment public health and safety **Environmental Economics** Duane Chapman, 2000 Environmental Economics Theory Application and Policy's strong policy oriented approach to environmental economics draws in current research and case studies to illustrate topics on the cutting edge of worldwide policy debates The author introduces students to subjects such as biodiversity climate change air pollution and forestry by presenting the actual data and methods used by experts in these fields In addition considerable material on emerging areas such as macroeconomics and trade agriculture ecological economics and sustainability gives students a full understanding of the environmental economics field The book's focus on basic economic concepts in the introductory chapters prepares students to understand these issues Chapman does not discuss economics in the abstract examples historical contexts and case studies are used to illustrate key points And throughout the book there is a heavy emphasis on social issues and ethics Strong policy approach seen in its integration of practical examples and issues that are both domestic and international in nature combines scientific and economic interpretations of environmental problems Focus on core economic th **Renewable Energy and Environmental Technology** Mo Jie Sun, Ying Jie
