IOSH 08 Institution of Occupational Safety and Health (Great Britain),2008 **Questioning Performance** David Eves,John Selwyn Gummer,M P John Gummer,2006-02 Why directors and senior managers need this book you have personal responsibilities for health safety and environment your organisation faces a host of legal requirements and liabilities your company reputation could suffer if you don t tackle these issues and you will feel the heat of the shareholder and stakeholder pressure with bottom line consequences you need to take on board compelling moral and ethical reasons for getting these

issues right it s not just about what s happening on your home turf these issues have significant European and global dimensions There is no other book out there like this one this definitive new title gives directors all they need to know about health safety and the environment It won t swamp you with technical detail of legal overkill and it won t try to convert to you into an environmental evangelist or safety expert But Questioning Performance will help senior people to gain assurance and discharge their responsibilities properly by enabling them to ask the right questions understand the answers and see that they and their board take the best decisions about managing health safety and environment risks Engaging in meaningful dialogue with expert advisers can be tough This books builds a bridge between directors and expert professionals employed in house or consultants and enable directors to develop effective and productive discussions with health safety and environment practitioners managers trade union officials safety reps and enforcers You may not be passionate about health safety and the environment and you may not think of these issues as your top priority but as an individual along with your company you re legally responsible for managing the risks properly and can be held personally liable for the consequences of failure Once on the statute books the new corporate manslaughter law will add further weight to your health and safety responsibilities at least
