The Readers' Advisory Guide to Genre Fiction Joyce G. Saricks,2009 This revised edition provides a way of understanding the vast universe of genre fiction in an easy to use format Expert readers advisor Joyce Saricks offers groundbreaking reconsideration of the connections among genres *Three Secrets* Clare Boyd,2018 **The Readers' Advisory Guide to Genre Fiction, Second Edition** Joyce G. Saricks,2009-01-01 Experienced librarian and coach Ruth Metz outlines a focused and results oriented plan for achieving the best results from staff members through a coaching style of management **The Readers' Advisory Guide to Genre Fiction, Third Edition** Neal Wyatt,Joyce G. Saricks,2019-07-03 Everyone s favorite guide to fiction that s thrilling mysterious suspenseful thought provoking romantic and just plain fun is back and better than ever in this completely revamped and revised edition A must for every readers advisory desk this resource is also a useful tool for collection development librarians and students in LIS programs Inside RA experts Wyatt and Saricks cover genres such as Psychological Suspense Horror Science Fiction Fantasy Romance Mystery Literary and Historical Fiction and introduce the concepts of Adrenaline and Relationship Fiction include everything advisors need to get up to speed on a genre including its appeal characteristics key authors sure bets and trends demonstrate how genres overlap and connect plus suggestions for guiding readers among genres and tie genre fiction to the whole collection including nonfiction audiobooks graphic novels film and TV poetry and games Both insightful and comprehensive this matchless guidebook will help librarians become familiar with many different fiction genres especially those they do not regularly read and aid library staff in connecting readers to books they re sure to love *Thrillers, Chillers, and Killers* Frank Krutnik,2025-05-13 Film noir is one of the most exciting and most debated products of studio era Hollywood but did you know that American radio broadcast many programs in the noir vein through the 1940s and 1950s These included adaptations of such well known films as The Maltese Falcon Murder My Sweet and Double Indemnity detective series devoted to the adventures of private eyes Philip Marlowe and Sam Spade and the spine tingling anthology programs Lights Out and Suspense Thrillers Chillers and Killers is the first book to explore in detail noir storytelling on the two media arguing that radio s noir dramas played an important role as a counterpart to influence on or a spin off from the noir films Besides shedding new light on long neglected radio dramas and a medium that was cinema s major rival this scrupulously researched yet accessible study also uses these programs to challenge conventional understandings of the much debated topic of noir *Psycho-analysis* Robert H. Hingley,1922 *Sigmund Freud's "The Uncanny" in Alfred Hitchcock's "Psycho" and Darren Aronofsky's "Black Swan"* Benjamin Halking,2022-10-12 Bachelor Thesis from the year 2016 in the subject English Language and Literature Studies Other grade 1 7 University of Cologne language English abstract This paper will revolve around Sigmund Freud s The Uncanny and the momentum of suspense it can cause Furthermore an interview of Alfred Hitchcock will be looked at in excerpts where he discusses the momentum of suspense Subsequently the theory of The Uncanny will be applied to Alfred Hitchcock s 1960

movie Psycho and later to Darren Aronofsky's 2010 movie Black Swan Psycho sets an example of the suspense and is inevitably connected to the name of Alfred Hitchcock Why is Psycho the embodiment of suspense and the uncanny Opposed to Hitchcock's masterpiece the 2010 movie Black Swan will be looked at in terms of the uncanny As this movie is considered to be an uncanny representation of light and color it is supposed to form the counterpart to Hitchcock's Psycho in terms of uncanny elements and the idea of suspense These seemingly very diverse genres the titles themselves give off different expectations already shall be examined regarding the use of uncanny elements It will be analyzed how these elements are used and what the degree and frequency of the uncanny does to both the movie and the viewer This paper aims to correlate the amount the frequency and the intensity of uncanny elements with the suspense that is built throughout both of the movies Does the amount of uncanny do any harm to the idea of suspense Is this idea following the principle of the more the better or rather less is more The current status of research on this very matter is very scarce Aside from the interview of Truffaut with Alfred Hitchcock himself there appears to be no hard evidence that this matter has been dealt with Only Hitchcock goes into this topic and explains what he fathoms by suspense and how to build it through uncanny elements
