One-Hour Wargames Neil Thomas,2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour includes rule sets and scenarios for most popular periods One of the biggest problems facing wargamers is finding the time to actually play Most commercially available games require several hours to set up and

see to a conclusion some can even take a whole day or weekend to complete Apart from time lack of space can also keep wargamers from enjoying their favorite pastime In One hour Wargames veteran gamer and rule writer Neil Thomas has addressed both problems Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor The book contains 8 all new sets of very simple rules for various periods from Ancient to WW2 and thirty stimulating scenarios which can be played using any of them All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield The rules only require a small number of miniatures so this really is an ideal way for new gamers or veterans trying a new period to get started with minimal investment of time and money Also ideal for a quick game in the evening with a friend Also included are sections on campaigns and solo games

Tabletop Wargames: A Designers' and Writers' Handbook Rick Priestley,John Lamshead,2016-11-30 Unlike chess or backgammon tabletop wargames have no single accepted set of rules Most wargamers at some point have had a go at writing their own rules and virtually all have modified commercially available sets to better suit their idea of the ideal game or to adapt favourite rules to a different historical period or setting But many who try soon find that writing a coherent set of rules is harder than they thought while tweaking one part of an existing set can often have unforeseen consequences for the game as a whole Now at last help is at hand Veteran gamer and rules writer John Lamshead has teamed up with the legendary Rick Priestley creator of Games Workshop s phenomenally successful Warhammer system to create this essential guide for any would be wargame designer or tinkerer Rick and John give excellent advice on deciding what you want from a wargame and balancing realism be it in a historical or a fantasy sci fi context with playability They discuss the relative merits of various mechanisms cards dice tables then discuss how to select and combine these to handle the various essential game elements of turn sequences combat resolution morale etc to create a rewarding and playable game that suits your tastes and requirements
