

INTRODUCTION TO COMMERCE

- Commerce is trade and aids to trade or all activities that aids the distribution of goods and services from the primary production to the consumer.

TRADE

- Trade is the buying and selling of goods and services with view of making profit. Trade is divided into two categories, which is home and foreign trade.
- Home trade is trade done within a country and is divided into retail and wholesale trade. retail trade is the selling of goods in small quantities while wholesaling is the selling of goods in bulk (large quantities). The person who sells goods in large quantities is called the wholesaler.
- Foreign trade is trade done between two or more countries (outside) and is divided into imports and exports. Exports are the goods going out of the country while imports are the goods coming into the country. Aids to trade exist to help trade to function, if there was no trade there would be less reason for the aids to trade to exist but commerce would still exist because it also assists primary and secondary industry to function
