

# Introduction to Ethics

March 11, 2018

University of Southern California  
LAW CENTER FOR APPLIED ETHICS

## Objectives

- After reading this program, the student should be able to:
  1. Define the terms ethics and morals, and discuss philosophical and moral issues.
  2. Discuss systems of moral reasoning as they have developed throughout history.
  3. Explain a variety of ethical theories and determine how they apply to personal and professional situations.

## Introduction to Ethics

In the beginning, you are in the midst of a great ethical struggle. It is a struggle involving all of the traditional virtues, the great religious and philosophical traditions, economic realities, political realities, and global communication. It is difficult for us to ignore the important ethical issues in the world, and we must find ways to deal with them. As you progress, you will discover ethical issues and challenges in your own life. You will learn how to apply ethical theories and philosophical principles to ethical and professional situations.

Ethical decisions are not always clearly defined, and you will often find yourself in a difficult situation. The law is not always clear, and you will often find yourself in a difficult situation.

## **Introduction To Ethics Jones Bartlett Learning:**

African Ethics Jonathan O. Chimakonam, Luis Cordeiro-Rodrigues, 2022-08-25 This is the first comprehensive exploration of African ethics covering everything from normative ethics and applied ethics to meta ethics and methodology as well as the history of its evolution African Ethics provides an in depth exploration of Ubuntu ethics which is defined as a set of values based on concepts such as reciprocity mutual respect and working towards the common good Ubuntu ethics also strongly emphasize the place of human dignity The book engages with both theory and practice and how these ethical ideas impact upon the actual lived experience of Africans It also includes important political considerations such as the impact of imperialism colonialism and capitalism on African ethics as well as the negative impact of apartheid and the renaissance made possible by the The Truth and Reconciliation Commission whose work was premised heavily on African ethical ideas This book is not just a wide ranging and incisive introduction but also a reformulation of key concepts and current debates in African ethics Crucially African Ethics is an inclusive text one that speaks from an African perspective and contributes to the decolonizing of contemporary ethics

**Nursing Ethics** Janie B. Butts, Karen L. Rich, 2020 *The Ethics of Information Technologies* Keith W Miller, Mariarosaria Taddeo, 2020-08-13 This volume collects key influential papers that have animated the debate about information computer ethics over the past three decades covering issues such as privacy online trust anonymity values sensitive design machine ethics professional conduct and moral responsibility of software developers These previously published articles have set the tone of the discussion and bringing them together here in one volume provides lecturers and students with a one stop resource with which to navigate the debate
