concentrate can also be trained in a playful way through age appropriate exercises

**Number Tracing Workbook For Preschoolers And Toddlers** is a workbook that helps children learn numbers from 0 to 30 Your child will not only be instructed in counting but will also learn to write the numbers independently step by step The special exercise booklet is characterized in addition to its loving design above all by a clear and sensible structure This makes constant learning easier for your child and motivates him or her to keep at it and expand their knowledge Each number is learned in three basic steps

**Counting** A creative illustration which can of course be colored shows the meaning of each number and invites your child to start counting

**Tracing** Afterwards your child is familiarized with the respective pencil guidance by copying the number and the number as a written word

**Independent writing** Finally your child is ready to write the numbers freely and without pre drawn lines Of course auxiliary lines are provided to help correctly position the numbers The structured exercises ensure that your child is constantly challenged in a supportive and not overburdening way The learning process is lined with as many successes as possible to boost your child s motivation to learn By looking at each number three times your child is confronted with a solid reliable structure which they can follow at their own pace
