*Communicating at Work: Strategies for Success in Business and the Professions* Ronald B. Adler, Jeanne Marquardt Elmhorst, Kristen Lucas, 2012-09-26 The 11th edition of *Communicating at Work* enhances the strategic approach, real world practicality and reader friendly voice that have made this text the market leader for three decades. On every page students learn how to communicate in ways that enhance their own career success and help their organization operate effectively. This edition retains the hallmark features that have been praised by faculty and students: a strong emphasis on ethical communication and cultural diversity; discussions of evolving communication technologies and self assessment tools; while incorporating important updates and ground breaking digital teaching and learning tools to help students better connect to the course material and apply it to real world business situations.

*Wars at Work* Kaveh Mir, 2012-10-19 One Friday afternoon Kaveh Mir nearly had a breakdown in his office the aftermath of more than five years spent fighting or mediating wars at work. But instead of succumbing to his battle scars Mir did something about them. *Wars at Work* is the result. This book is your guide to learning how personality types contribute to work wars and how understanding personality differences can lead to resolution and peace. While other books have covered how to use a single personality assessment to resolve conflicts *Wars at Work* is the first to show how combining multiple measures creates a richer, more powerful toolkit for solving the whole gamut of workplace problems. In *Wars at Work* you'll learn how psychometric measures can help solve: The battle of leadership, The battle of career, The battle of communication, The battle of conflict, The battle of change. This book offers a new twist on resolving workplace conflict. Whether you're an employee, manager or CEO you're likely to recognize at least one character or situation that hits home with you. Mir's insightful book offers a fresh perspective towards resolving your own wars at work.

*Approaches to Specialized Genres* Kathy Ling LIN, Isaac N. Mwinlaaru, Dennis Tay, 2020-12-29 *Approaches to Specialized Genres* provides a timely update of the field of genre studies with 14 cutting edge contributions split into five sections using and integrating an exceptionally wide variety of methods and perspectives such as ESP, genre research, corpus linguistics, systemic functional linguistics, ethnographic and multimodal research to analyse genres in written, spoken, visual and auditory modes across a multiplicity of pedagogic, professional and digital settings. It demonstrates not only the prominent value of genre research but wide applications of genre knowledge in various educational and professional domains. The book brings together experts spreading across the world including countries in South East Asia, Europe, America, West Africa and South America.
