

NFC biedt ook franchisegever duidelijkheid en rust

De implementatie van de Nederlandse Franchise Code in je organisatie biedt helderheid en rust. Dat stelt Jos Boot (franchisegever The Read Shop). De Nederlandse Franchise Code vormt een uitstekende basis voor een goed samenspel tussen franchisenemers en franchisegever zo is in de praktijk gebleken.

The Read Shop is een van de eerste franchisegevers die de Nederlandse Franchise Code heeft geïmplementeerd. "En met succes", stelt Jos Boot. "Ik heb in eerste instantie vanuit mijn rol als bestuurslid van de NFV, de vereniging van franchisegevers, meegewerkt aan het schrijven van de NFC. Gedurende dat traject heb ik bewust gekozen om niet al te veel naar mijn eigen contract te kijken, om zo objectief mogelijk te zijn. Maar toen de NFC er eenmaal lag, bleek dat er best nog een en ander aangepast konden worden. Daar zaten dingen in die een bescherming voor de franchisegever creëerden. We gingen bijvoorbeeld best ver in het garant stellen. Verder dan de NFC adviseerde. Maar er waren ook zaken die we onvoldoende beschreven hadden, zoals de mate van instemmings- of adviesrecht van het franchisenemersbestuur."

Zucht van verlichting

Aan de hand van de NFC kon The Read Shop de verhoudingen tussen

franchisegever en de franchisenemersvereniging beter formuleren. "Dat hebben we onder meer opgelost door een franchisereglement te schrijven. Het resultaat is dat nu goed duidelijk is hoe de verantwoordelijkheden liggen. Dat geeft ook binnen onze eigen organisatie rust. Sterker nog: er ging een zucht van verlichting door de organisatie omdat eindelijk duidelijk was bij wie (en wanneer) men nu moest zijn voor instemming of advies. Daarnaast heeft het franchisebestuur de statuten van de franchisenemersvereniging aangepast. En daar zie je dat de ondernemers meer hun verantwoordelijkheid nemen omdat ze zien dat er vertrouwen is en dat ze worden aangesproken op hun professionaliteit, hun ondernemerschap."

Trots op franchisegever

Je ziet nu dat de franchisenemers trots zijn op hun organisatie. "Hoevel er geen officieel NFC-keurmerk is, zie je dat de franchisenemers er trots op zijn dat het in hun organi-

satie goed geregeld is. Bovendien merken we het in de wijze waarop we door kandidaat-ondernemers worden aangesproken. Die zien het ook als een pre, het draagt zeker bij aan ons imago."

Private food law Bernd van der Meulen, 2023-09-04 Since the turn of the Millennium world wide initiatives from the private sector have turned the regulatory environment for food businesses upside down For the first time in legal literature this book analyses private law initiatives relating to the food chain often referred to as private voluntary standards or schemes Private standards are used to remedy flaws in legislation in order to reach higher levels of consumer protection than the ones chosen by the EU legislature and to manage risks and liability beyond the traditional limits of food businesses We see that litigation is no longer solely framed by legislative requirements but ever more by private standards such as GlobalGAP BRC IFS SQF and ISO These private standards incorporate public law requirements thus embedding them in contractual relations and exporting them beyond the jurisdiction of public legislators Other standards focus on corporate social responsibility or sustainability This book also addresses how private religious standards such as Kosher and Halal play a role in defining specific markets of growing importance It is noted that organic standards have found an interesting symbiosis with public law Another development on

this topic is that food businesses are inspected more often by private auditors than by public inspectors Effects in terms of receiving or being denied certification far outweigh public law sanctions In short private law has changed an entire legal infrastructure for the food sector It emerges as competing with the public law regulatory infrastructure This book is of interest to all who concern themselves with food law legislation and litigation and the evolving role of private standards on changing the landscape of food chains and innovation

Uncovering European Private Law Marija Bartl, Laura Burgers, Chantal Mak, 2025-06-05 Aimed at bridging a crucial gap in legal education Uncovering European Private Law provides a comprehensive introduction to the evolving field of European private law This innovative handbook addresses the interplay of national European and transnational rules governing relationships between private actors including individuals and businesses Designed with students in mind this volume not only covers foundational concepts but also explores cutting edge developments in areas such as contract tort property and company law What sets this handbook apart is its contextual approach By integrating societal and theoretical perspectives it encourages students to critically evaluate private law's role in addressing global challenges like digitalization sustainability and globalization Gathering the expertise of over twenty international law scholars the handbook reflects the expertise of academics deeply engaged in teaching and research With structured chapters and accessible narratives this handbook replaces piecemeal materials previously used in courses It offers coherence and depth making it an essential resource for understanding the legal frameworks that shape commerce legal practice and broader societal issues Whether for mandatory or elective courses this guide empowers students to navigate and critically assess the dynamic field of European private law providing an essential resource for the private lawyers of the future
