Syllabus Saurashtra University:

Restructuring of Library and Information Science Curriculum A. Tejomurty, 1994 Papers presented at a National Seminar on Restructuring of Library and Information Science Curriculum organized by Saurashtra University Rajkot during 14-16 December 1989 English Studies in India Banibrata Mahanta, Rajesh Babu Sharma, 2018-11-03 This volume is a collection of scholarly papers that explore the complex issues concerning English Studies in the present Indian context. The discussions in this volume range from historical perspectives to classroom specific pedagogies from sociological and political hierarchies to the dynamics of intellectual development in the English language environment. Interrogating both policy and practice pertaining to English Studies in the context of Indian society, culture, history, literature, and governance, the chapters seek to formulate contemporary perspectives to these debates and envision alternative possibilities. Since the introduction of English to India more than 2 centuries ago, the language has transmuted the very fabric of Indian society, culture, history, literature, and governance. The idea of India cannot be conceived in its entirety without taking into consideration the epistemological role that English has played in its formation. The present globalized world order has added dimensions to English Studies which are radically different from those of India's colonial and postcolonial past. It is therefore imperative that the multitudinous shades and shadows of the discipline be re-examined with inputs drawn from the present context. This volume is for scholars and researchers of English literature and language studies, linguistics, and culture studies and others interested in exploring new paradigms of engagement with the disciplinary formulation of English Studies in India.

The canon is not merely a set of texts; it is a set of standards, evaluative procedures, and values. Belonging to a canon confers a guarantee of literary greatness. A canon is formed by a particular group to channelize cultural hegemony over others or can be constructed by a governed group to bring about cultural symmetry. The rise of diverse literatures in English in different parts of the world after the colonial rule of England was the consequence of an urge to articulate a cultural equilibrium or an urge to strike back. The process of canon formation is also a focused and bigoted act and is always carried out to accomplish certain self-centred objectives. It is commonly accepted that canon formation is executed to accomplish or naturalize certain ideological functions. In the sphere of Indian English literature, Indian English fiction after the end of the 1980s has emerged as a new canon. This book looks into the process of

literary canon formation in Indian universities and examines such fiction as an alternative literary canon and as an anti imperialistic response to the British literary canon The book ascertains the anti imperialistic design involved in forming the canon of post 1980 Indian English fiction examines the gradual emerging trends in such fiction and discerns the role of language culture and native ethos in the formation of a canon It also differentiates post 1980s Indian English fiction from British fiction bhasa fiction and even from pre 1980s Indian English fiction *Annual Report* National Council of Educational Research and Training (India),1982 Multiple Career Choices Devajit Bhuyan,2004-12 Choosing the right career is critical to success in one s life Overload of information on Internet only serves to confuse an already confused mind This book provides information about jobs and educational openings for 10 2 graduates and post graduates in technical professional science commerce and arts faculty Questionnaire helps the students to gauge his interests abilities aptitudes and opportunities to facilitate proper selection of job or study *A Brief History of Ancient and Modern India According to the Syllabus Prescribed by the Calcutta University* Romesh Chunder Dutt,1908 Library and Information Science Education and Teaching Methods A.
