### Telesales Representative Interview Questions

Telesales reps have the difficult task of selling over the phone. Without the benefit of face-to-face contact, their job can be challenging but infinitely more rewarding. They are highly motivated people who excel in planning and customer service.

The role can be found in many industries and involve B2B or B2C sales. It generally has two aspects: inbound and outbound. An inbound rep receives calls from potential customers while outbound reps call prospects to close sales.

Some customer service experience is usually desirable. Familiarity with technology should also be part of the candidates' profile. During the interview, try to assess core traits like verbal eloquence, persuasion and perseverance. Asking about their past experience can help you in this task.
