Approaches to Arabic Popular Culture Konerding, Peter, Wiedemann, Felix, Behzadi, Lale, 2021-09-27 Over recent years Arabic popular culture has become a focal point of West Asian and North African studies Most of the new research dealing with it concentrates on the popular as opposed to an intellectual high culture far from the harsh and hierarchically organized reality many Arabic speaking societies face today Popular cultural practices are thus seen as a rejection of the elite and a stance against those who have something to loose within paralyzed and conservative communities Albeit not denying the subversive political potential associated with these practices this volume intends to take a more nuanced and broader perspective Arabic popular culture might engage with emancipatory claims but it might as easily follow the capitalist rulebook of global marketing It might fight against oppressive authorities yet it can equally become their symbol

Approaches to Arabic Popular Culture therefore closely looks at the aesthetic implications of a topic ranging from Lebanese hip hop over Algerian pop novels to jihadi chants in the Islamic State as well as from Egyptian mahraganat music over sarcastic stories about hash dens and time travel in downtown Cairo to Saudi Arabian YouTube influencers Thus the theoretical scope widens and the reader is taken on a delightful journey to the unsettling pleasures of contemporary Arabic art and culture

Diana Rebolledo has been writing about Chicana Latina identity literature discrimination and feminism for more than two decades In this collection of essays she brings together both old and new works to give a state of the moment look at the still largely unanswered questions raised by vigilant women of colour throughout the last half of the twentieth century An intimate introductory essay about Rebolledo s personal experiences as the daughter of a Mexican mother and a Peruvian father serves to lay the groundwork for the rest of the volume The essays delve into the historical development of Chicana writing and its early narratives the representation of Chicanas as seen on book covers Chicana feminism being a Chicana critic in the academy Chicana art history and Chicana creativity Rebolledo encourages guerrillera warfare against academia in order to open up the literary canon to Chicana Latina writers who deserve validation Catalog of Copyright Entries, Fourth Series Library of Congress.
