Developmental Tasks Jan J.F. ter Laak,Peter G. Heymans,Andrei I. Podol'skij,2013-03-09 Behavioral and cognitive development is considered here as an ordered change in an individual throughout his or her lifespan and not as sets of individual differences between persons nor as stage like progressions The concept of developmental task is introduced stressing contexts within which individuals meet eliciting transitions in their behavior and by implication in the self The developmental task concept is compatible with the activity theory of Gal perin especially the concept of meaningful learning The authors show how their concept may be applied to age related crises the acquisition of a moral status the achievement of educational independence the assessment of readiness for school acquisition of peer status acquisition of concepts of morality and the task of ageing For professional psychologists and educationalists and advanced research students in the same subjects Client Education Mary Miller,Pamella Rae Stoeckel,2011 Client Education Theory and Practice focuses on health education and the role of health care providers especially nurses in working with clients such as individuals families and groups in health care institutions and community health settings It covers the thorough assessment of clients in preparation for health education and examines the unique characteristics of children adults and culturally diverse learners Client Education Theory and Practice details how to prepare a teaching plan write learning objectives and select teaching strategies and instructional materials with ample examples Further a comprehensive examination of formative and summative evaluation completes the book Each chapter includes a sample client based teaching plan that incorporates the theory presented to help students understand and apply their knowledge **Human Development and Education** Robert James Havighurst,1953 **Client Education: Theory and Practice** Miller,Pamella Rae Stoeckel,2017-12-05 Table of Contents Overview of the Miller Stoeckel client education model Thinking and learning Theories and principles of learning Learner and setting assessment Child learner Adult learner Older learner Culturally diverse learner Nurse educator as learner Client education plan Teaching strategies Instructional materials Formative evaluation Summative evaluation Application of the Miller Stoeckel client education model *Client Education: Theory and Practice* Mary A Miller,Pamella Rae Stoeckel,2024-11-29 Client Education Theory and Practice Fourth Edition teaches nursing students the important skills of patient education and health promotion The authors use their unique Miller Stoeckel Client Education Model as the organizing framework to emphasize the importance of the Nurse Client Relationship and how this relationship is paramount to the success of client education They focus on the key role that nurses play in educating individuals families and groups in clinical settings The updated Fourth Edition addresses the need for health education in nursing by covering the learning

process and discussing the needs of clients across the age span The authors thoughtful revision includes updated statistics on chronic diseases and new data on generations Z and Alpha Furthermore they teach students how to work with culturally diverse populations by presenting specific teaching approaches
