to prove how much you really know about the history and rules of one of the world's most popular sports. You're the Basketball Ref newly updated with a dozen fresh scenarios is designed to inform, challenge, and entertain basketball fans. A brief introduction to the history of basketball is followed by an overview of NBA and NCAA matters. Topics range from situations that typically come up in games (traveling and shot clock violations, for example) to rules that are just a bit more unusual or for the casual fan more obscure. Then quiz yourself on what call you would make in each scenario. Many of the situations in You're the Basketball Ref come from real games, but some scenarios are made up to illustrate specific points or rules. So don't your stripes, grab your whistle, and take your position on the court. After all, you're the ref.

Basketball For Dummies Richard Phelps, 2011-03-16 Basketball is the most popular participatory sport in the United States. As simple as the game often seems (throwing a ball through a hoop), there are many aspects of the game that go unnoticed. But with *Basketball For Dummies*, Second Edition, you'll get the inside scoop on hoops. Whether you're a player, a fan, or a coach, *Basketball For Dummies*, Second Edition will get you better acquainted to the game so you can play it better, coach it smarter, or appreciate it more as a spectator. Former Notre Dame head coach Digger Phelps begins with the fundamentals and quickly moves up court from there. From playing a pickup game to watching March Madness on TV to the excitement of the NBA Playoffs, Phelps has come up with a game plan that shows you how to have fun with the game while you become familiar with it. By the final buzzer, you'll have pulled down pointers on how to play the game, how to look good on the court, how to coach it, how to watch it, how to strategize, and even how to talk trash on the playground. Within these pages, you'll also discover how to suit up for the court, get into basketball shape, play effective offense and defense, use signature moves from NBA greats, shoot quality free throws, join fantasy leagues, and get great stuff online. From the basics to the latest coaching drills and techniques, this friendly reference offers you expert advice on the plays, strategies, and moves on and off the court, from high school to college hoops to the WNBA and beyond.

[Confessions of a Basketball Junkie](#) Dirk Dunbar, 2015-10-09 [The Cockroach Basketball League](#) Charles Rosen, 1992 From the author of the critically acclaimed National Book Award-nominated novel *Have Jump Shot Will Travel*, comes this player's and coach's eye view of life in the Commercial Basketball League, a collection of rag-tag teams just this side of solvency where the owners and coaches are unscrupulous and the players are one step removed from stardom in the NBA or the playground hustlers of *White Men Can't Jump*. In this fact-based novel that does to basketball what *Ball Four* and *The Bronx Zoo* did to baseball, Coach Bo Lassner's task of gearing up his team for the playoffs involves much more than orchestrating the on-court X's and O's. In a league filled with NBA has-beens, wannabes, and never-will-bes, it's a struggle just to keep the team's meddling owner out of the way and the players' minds off wine in their milder moods, women, and white stuff long enough to concentrate on the game at hand. In ribald, authentic inside detail, the author himself, a former coach in the real-life Continental Basketball Association, vividly captures the flip side of the millionaire-ridden world of the NBA where life truly is a metaphor for basketball.
