## **Between Mackinder And Spykman Geopolitics Containment:**

The Struggle for the Eurasian Borderlands Alfred J. Rieber, 2014-03-20 This book explores the Eurasian borderlands as contested shatter zones which have generated some of the world's most significant conflicts Analyzing the struggles of Habsburg Russian Ottoman Iranian and Qing empires Alfred J Rieber surveys the period from the rise of the great multicultural conquest empires in the late medieval early modern period to their collapse in the early twentieth century He charts how these empires expanded along moving military frontiers competing with one another in war diplomacy and cultural practices while the subjugated peoples of the borderlands strove to maintain their cultures and to defend their autonomy The gradual and fragmentary adaptation of Western constitutional ideas military reforms cultural practices and economic penetration began to undermine these ruling ideologies and institutions leading to the collapse of all five empires in revolution and war within little more than a decade between 1911 and 1923 *The Foreign Policy of Modern Turkey* Ozgur Tufekci, 2017-01-30 In the last three decades Turkey has attempted to build close relationships with Russia Iran and the Turkic World As a result there has been ongoing debate about the extent to which Turkey's international relations axis is shifting eastwards Ozgur Tufekci argues that Eurasianist ideology has been fundamental to Turkish foreign policy and continues to have influence today The author first explores the historical roots of Eurasianism in the 19th century comparing this to Neo Eurasianism and Pan Slavism The Ozal era 1983 1993 the Cem era 1997 2002 and Davutoglu era since 2003 are then examined to reveal how foreign policy making has been informed by discourses of Eurasianism and how Eurasianist ideas were implemented through internal and external socio economic and political factors *Parameters*, 2000 **United States Political Science Documents**, 1993 Contemporary Essays, 2004 **Connections**, 2004 From the PFP website The Consortium is providing a family of publications covering the full range of security studies to an international standard of excellence serving the military civilian and academic needs of the Consortium membership Currently this family includes Quarterly journal Athena papers Bulletins Information papers *Strategic Analysis*, 1995-10 **The Challenges to India's Foreign and Defence Policies in the Transformed International Power Equations**, 1997 **Naval War College Review** Naval War College (U.S.), 1999 **Geopolitika i geostrategija**, 2004 **Naval War College Review**, 1999 **Geosur**, 2006 **Geopolitics in United States Strategic Policy, 1890-1987** Geoffrey R. Sloan, 1988 **The American Bibliography of Slavic and East European Studies**, 1991 *The Geopolitics of Power and Conflict* Jan Nijman, 1993-11-14 Reassesses the history and operation of post war global politics presenting a new and satisfying explanation of how international relations and strategy work Contains a theoretical perspective on superpowers in the international system an original researched investigation of how superpower relations ended during the Cold War and explores current geopolitical change along with the future and adjustment of the U S to the new world order **Revista de la Escuela Superior de Guerra**, 2011 L'Evolution de la pensée navale Hervé Coutau-Bégarie, 1990 **Sea Power and**

**the Nuclear Fallacy** Robert E. Walters,1974      **The Cold War's Killing Fields** Paul Thomas Chamberlin,2018-07-03 This sweeping international military history boldly reframes the Cold War as one of the three great conflicts of the twentieth century The Cold War has long been viewed as a tense diplomatic standoff between global superpowers representing democracy and communism Yet it fostered a series of deadly conflicts on battlegrounds across the postcolonial world For half a century as an uneasy accord hung over Europe ferocious wars raged in the Cold War s killing fields resulting in more than fourteen million dead victims who remain largely forgotten and all but lost to history A superb work of scholarship The Cold War s Killing Fields is the first global military history of this conflict and the first full accounting of its devastating impact More than previous armed conflicts the wars of the post 1945 era ravaged civilians across vast stretches of territory from Korea and Vietnam to Bangladesh and Afghanistan to Iraq and Lebanon Chamberlin provides an understanding of this sweeping history from the ground up and offers a moving portrait of human suffering capturing the voices of those who experienced the brutal warfare Chamberlin explores in detail the numerous battles fought to prevent nuclear war bolster the strategic hegemony of the United States and the USSR and determine the fates of societies throughout the Third World

**Globalization and Maritime Power** Sam J. Tangredi,2002
