The American City Arthur Hastings Grant, Harold Sinley Bottenheim, 1910 **Religion and Tourism in Japan** Ian Reader, 2023-11-16 In this study Ian Reader presents new insights into the relationship between religion and tourism more generally and into the contemporary religious situation in Japan He counteracts scholarship that claims tourism increases religious activity shows that tourism is a factor in increasing secularization in Japan and draws attention to the role of the state in such contexts Although the Japanese constitution prohibits the state from promoting religion this book shows how state agencies nonetheless encourage people to visit religious sites by presenting them as manifestations of a shared heritage in ways that distance them from religion Reader examines theoretical understandings of religion and tourism and presents case studies of famed pilgrimage routes and temples He shows how Zen monasteries are now tourist brands and pilgrimages are the focus of TV entertainment programmes portrayed as opportunities to eat sweets Examining the nationalistic rhetoric of nostalgia and unique heritage that underpins the promotion of religious sites Reader also considers why priests acquiesce in such matters *The City Club Bulletin* City Club of Chicago, 1920 Consists of addresses and discussions before the Club
