

## Les sept facettes du management de projet

**Projet** : « image d'une situation, d'un état que l'on pense atteindre ».

Un projet est « un objectif à réaliser, par des acteurs, dans un contexte précis, dans un délai donné, avec des moyens définis, nécessitant l'utilisation d'une démarche et d'outils appropriés ».

**Facteur de risque** : « événement possédant une probabilité d'apparition forte et dont la survenance entraîne des conséquences graves pour le projet ».

Cet événement peut être :

- L'insatisfaction des bénéficiaires du projet pouvant les conduire à le rejeter (de par un non respect des objectifs ou un non respect des délais),
- L'annulation du projet par la Direction générale (de par un non respect des budgets de départ),
- La démotivation des acteurs du projet (de par les résultats comparés à la durée et à l'intensité des efforts à fournir).
