Companion To Irish Traditional Music:

The Companion to Irish Traditional Music Fintan Vallely, 1999-09 The Companion to Irish Traditional Music is not just the ideal reference for the interested enthusiast and session player it also provides a unique resource for every library school and home with an interest in the distinctive rituals qualities and history of Irish traditional music and song **BOOK JACKET** *Focus: Irish Traditional Music* Sean Williams, 2013-02 Focus Irish Traditional Music is an introduction to the instrumental and vocal traditions of the Republic of Ireland and Northern Ireland as well as Irish music in the context of the Irish diaspora Ireland's size relative to Britain or to the mainland of Europe is small yet its impact on musical traditions beyond its shores has been significant from the performance of jigs and reels in pub sessions as far flung as Japan and Cape Town to the worldwide phenomenon of Riverdance Focus Irish Traditional Music interweaves dance film language history and other interdisciplinary features of Ireland and its diaspora The accompanying CD presents both traditional and contemporary sounds of Irish music at home and abroad **The Making of Irish Traditional Music** Helen O'Shea, 2008 The book challenges the notion that Irish Traditional music expresses an essential Irish identity arguing that it was an ideological construction of cultural nationalists in the nineteenth century later commodified by the music and tourism industries As a social process musical performance is complicated by the varying experiences of musicians and listeners The question of an Irish identity expressed musically is further explored through the experiences of both local and foreign musicians including the author The conclusion that a radicalised ideal of national culture and an assimilative model of cultural contact are compatible has important implications for Irish society today Irish traditional music is now performed and consumed world wide The Making of Irish Traditional Music considers the implications of this for the way we understand music's relationship to individual and collective identities such as ethnicity and nationality The core of this book is its analysis of the experiences of foreigners playing Irish music both in Australia and in the heart of Ireland's traditional music empire County Clare as pilgrims to summer schools **Irish/ness Is All Around Us** Olaf Zenker, 2013-04-01 Focusing on Irish speakers in Catholic West Belfast this ethnography on Irish language and identity explores the complexities of changing and contradictory senses of Irishness and shifting practices of Irish culture in the domains of language music dance and sports The author's theoretical approach to ethnicity and ethnic revivals presents an expanded explanatory framework for the social re production of ethnicity theorizing the mutual interrelations between representations and cultural practices regarding their combined capacity to engender ethnic revivals Relevant not only to readers with an interest in the intricacies of the Northern Irish situation this book also appeals to a broader readership in anthropology sociology cultural studies history and political science concerned with the mechanisms behind ethnonational conflict and the politics of culture and identity in general **Community-based Traditional Music in Scotland** Josephine L. Miller, 2022-10-17 This book examines the community based learning and teaching of traditional music in contemporary Scotland with implications for

transnational theoretical issues The book draws on a broad range of scholarship and a local case study of a large organisation A historical perspective provides an overview of new educational formats emerging from the mid twentieth century folk music revival in Scotland Practices through which participants encounter and perpetuate the idiom of traditional music include social music making learning by ear and participatory and presentational elements of musical performances Individuals are shown as combining these aspects with their own learning strategies to participate in the contemporary community of practice of traditional music The work also discusses how experiences of learning contribute to identity formation including the role and practice of tutors of traditional music The author proposes conceptualising the teaching and learning of traditional music in community based organisations as a pedagogy of participation Irish folk music studies,2001 Irish Fiddle Music from Counties Cork and Kerry Drew Beisswenger,Connie O'Connell,2016-05-25 The two southern most counties in Ireland Cork and Kerry have legendary music and dance traditions on the border of these two counties a rural area called Sliabh Luachra is especially well known for its fiddle tunes and itinerant fiddle teachers When speaking of this area s fiddle music some describe a special lilt or backbeat or they talk about the special role of set dances but the most often expressed quality relates to the frequent use of slides and polkas This book features transcriptions of 107 tunes as played by three of the region s most distinguished fiddlers P draig O Keeffe Denis Murphy and Connie O Connell Each fiddler is profiled followed by a collection of meticulously transcribed tunes and annotations an accompanying CD includes 30 of these tunes played solo by Connie O Connell Irish Folk Music Francis O'Neill,1910 A Touchstone for the Tradition Tony Kearns,Barry Taylor,2003 Miltown Malbay is a small town on Ireland s Atlantic west coast which since 1973 becomes for one week each year the traditional Irish music capital of the world The crowded main street echoes with a plethora of languages and dialects the bars are full to bursting point and the sounds of jigs reels and hornpipes fill the summer air Here is an evocation in pictures and words of this remarkable community of Irish music enthusiasts drawn together by the urge to learn music to play music to dance to each and to listen Illustrated throughout Bulletin of the International Council for Traditional Music International Council for Traditional Music,2000 Yearbook for Traditional Music ,1999 Includes record reviews Grove's Dictionary of Music and Musicians Sir George Grove,John Alexander Fuller-Maitland,Waldo Selden Pratt,Charles Newell Boyd,1911 **Irish Studies** Marti D. Lee,Ed Madden,2008 Highlighting the work of both established and emerging scholars in Irish studies this collection brings together fifteen essays working at the intersection of two important and developing fields of Irish studies gender studies and cultural geography Developed from papers first presented at a regional meeting of the American Conference for Irish Studies in South Carolina in 2006 not only does this work suggest the importance of linking gender and geography but it also suggests in the range of literary and historical topics the rich interdisciplinary nature of Irish studies at present Central to all of the essays is an attention to intersections of gender and sexual identity formation with the politics of place and space Although considerations of

geographic space have long been staples of Irish cultural studies especially in relation to political identities these pieces suggest the critical importance of linking spatial and geographic analysis more clearly to ongoing examinations of gender and sexuality From institutions such as the Magdalen laundries and the prison to the domestic garden and home across urban and rural landscapes from the Dublin GPO to a St Patty s festival in the southern United States this book examines the local and human contexts of identity formation and performance *Grove's Dictionary of Music and Musicians* J. A. Fuller Maitland,1906 Problems and Perspectives in Irish History Since 1800 David George Boyce,2004 This volume of essays in honor of Patrick Buckland reflects the making of modern Irish historical writings It addresses several key issues and topics Irish emigration and its consequences for the migrants the host country and the land they left behind the sharpening of sectarian conflict in Ireland and efforts to overcome this Anglo Irish relations and in particular the role of Irish nationalism in this context and the relationship between politics and culture **Bibliographic Guide to Music** New York Public Library.
