Unit 1 Greek and Latin Prefixes and Suffixes The purpose of this section is to show students the difference between prefixes and suffixes. Prefixes change the meaning of words while suffixes change the word's part of speech. Take the word happy. Adding the prefix *un* changes the meaning of the word to not happy. Adding the suffix *ness* making happiness keeps the meaning but changes the word from an adjective to a noun. Knowing this difference is an important step in developing an instinct for using root words on a regular basis. Within this section students will be given dozens of prefixes and suffixes to learn. They will break words into parts and analyze how the pieces come together. They will practice making educated guesses of definitions to high level vocabulary words and use a dictionary, Internet, or hard cover to confirm the accuracy of their answers. Next they will practice seeing these high level words in context and finally use these words themselves in their writing.

Unit 2 Greek and Latin Root Words In this section the students are given a list of twenty four Greek and Latin root words. Each root word has three English words that use each particular root. The teacher can choose to have the students learn them all at once and test them at the end or she can assign a few each week and learn them over the course of the year. For each of the sets of root words the students can use the worksheets to help them practice learning the words. The students will write the words and definitions then draw a study picture to help them internalize the words.

Unit 3 Greek Root Words 4 Week Unit Each week students are given three sets of words. Each set contains a root word and five English words that use those root words. There is also a spelling routine that gives the students activities to practice each day to become familiar with the words. These activities actually take about two weeks to finish if they are done 10-15 minutes a day. Therefore at the end of the first week the students take a spelling test. Next the students use the second week to complete vocabulary activities until they are ready for the vocabulary test at the end. You can also choose to give the spelling and vocabulary test together at the end of the second week.
