Astrology in Time and Place Nicholas Campion,Dorian Gieseler Greenbaum,2016-06-22 Astrology is the practice of relating the heavenly bodies to lives and events on earth and the tradition that has thus been generated Many cultures worldwide have practised it in some form In some it is rudimentary in others complex Culture and scholarship have categorised it as both belief and science as a form of magic divination or religious practice but in many ways it defies easy categorisation The chapters in this volume make a significant contribution to our understanding of astrology across a range of periods of cultures Based on papers presented at the annual conference of the Sophia Centre held in 2012 the

contributions range from China and Japan through India the ancient Near East the classical world and early modern Europe to Madagascar and Mesoamerica The different topics include ritual and religion magic and science calendars and time and questions of textual transmission and methodology Astrology in Time and Place is essential reading for all interested in the history of humanity s relationship with the cosmos
