The Financial Activist's Blueprint is for individuals who are eager to become masters of their financial destiny as much as a movement of change in society. Basically, the Financial Activist's Guide to Action underscores learning the financial ideas, making well-informed choices, and applying it to mobilize others on behalf of policies of fairness and access in finance. In this project, you will learn the advocacy skills for working with policymakers and changing money practices that disproportionately harm marginalized communities. Through the application of advocacy to money, the Financial Activist's Blueprint educates and enables you not only to meet your money goals but to be a force for change.
