Build Your Author Platform Carole Jelen, Michael McCallister, 2014-05-13 A great book is no longer enough. An author platform is the most powerful key to success in today's saturated market and increasingly publishers are demanding that new authors come to them with an existing audience of interested followers. Authors who are self-publishing have an even bigger need to build an engaged audience. Social media makes building the author platform easier than ever but unfortunately most authors struggle to get it right. How can authors create their unique platform, connect with followers, write a manuscript and grow their business? In *Build Your Author Platform: The New Rules*, top literary agent Carole Jelen and tech expert Michael McCallister apply their combined 35 years of expertise to outline 14 practical, hands-on steps to create a presence that will produce high book sales and an expanded audience. From pre-publication through book launch and beyond, authors will learn how to define goals and a unique brand, employ successful website strategies, content, social presence, media authority, and training. Secure positive reviews, attract viewers efficiently without cost. Filled with detailed lessons, examples, success stories, and techniques used by marketing departments at major publishers, *Build Your Author Platform* is an indispensable guide for anyone looking for insight into publishing, promoting, and marketing books. *Ritchie Mined - Volume I* Bill H.

Ritchie, 2018-05-03 Short summaries of 3026 essays by Bill H. Ritchie, artist, teacher, and visionary, drawn from his journals written between 1969-2009. He structured the headings of each article according to an imaginary place he calls Emerald, imagining ten islands on a lake where he, as a recipient of a mythical prize, is encouraged to write freely about anything that seems important to an artist, teacher, and philosopher. Mindful of the use of new technologies, each essay summary has key index features which would allow a reader, having a computer and optional CD-ROM, to retrieve the full text of any article. Or, using freely chosen keywords of their own, find the articles which have those words in them. [Degree in Hand](#) [Vision on Hold](#) | [Redefining Commerce Education](#) Dr. Memon Salim Karim, 2026-01-22 *Degree in Hand: Vision on Hold: Redefining Commerce Education* is a compelling exploration of the realities faced by commerce students in today's academic system. This book goes beyond textbooks and syllabi to examine the dreams, dilemmas, and decisions that define a student's educational journey. It highlights why many students choose commerce, how parental expectations influence career paths, and how the education system often prioritizes degrees over direction. Through real stories, practical observations, and critical insights, the author raises important questions about what we teach, how we teach, and what education should truly empower students to become. *Forbes*, 2001 *ABA Journal*, 1989-12 The ABA Journal serves the legal profession.
