## Learn to Sign and communicate with the Deaf community

The Wits Language School programme is designed to meet the needs of participants who wish to learn South African Sign Language (SASL). SASL is a visual language which is unlike spoken languages. We provide a dynamic, fun learning environment in which to improve your skills, with experienced and competent Deaf trainers.

SASL is used by approximately 2 million deaf, hard-of-hearing and hearing South Africans. It is a unique and real language recognised as a first language by many members of the Deaf community in South Africa. Learning SASL will expose you to a new cultural and linguistic community, whilst at the same time helping you realise the importance of being able to communicate with and understand Deaf people – whether an employee, a client, a friend or a family member. More and more hearing South Africans are learning SASL to improve relationships between hearing and Deaf people.

### Tuition Options

#### 1. Public Courses

Our public courses are divided into three levels and each level has two modules (A & B). Each module consists of 40 contact hours and runs for 10 weeks every Saturday, from 09h00 to 13h00. Courses are run subject to a minimum number of 10 course participants.

If you have some knowledge of the language already, you will be interviewed by one of our language teachers in order to determine your level of proficiency.

### Certification and Assessment

**Certificates of Attendance** are issued at the end of Module A courses. 75% attendance is required. You are not required to do any tests if your aim is to obtain a Certificate of Attendance and not a Certificate of Competence.

**Certificates of Competence** are issued on the successful completion of Module B courses. If your aim is to obtain a Certificate of Competence, you will be required to participate in a series of assessments comprising oral and written tests. You qualify for a Certificate of Competence provided you successfully complete the tests.

### What are the courses about?

#### SASL Beginners Module 1A

The course provides an introduction to SASL to be used for general, basic communication. By the end of the course, students will be able to:

- Use limited SASL vocabulary but correct finger spelling and basic sign language structure
- Interact in SASL in a simple way, using simple phrases to describe, discuss and ask about everyday topics, as well as topics associated with areas of immediate need (including greetings, talking about the family, occupations, daily routines and social arrangements)
- Ask and answer questions
- Ask for and give information about dates and time
