Marxists at the Gate Raúl Eduardo Chao,2019-06-20 No one anticipated in 1958 that in the midst of a remarkable prosperity Cuba would fall into Communism It seemed impossible that an island 90 miles from the US the most powerful Capitalistic country in the planet could turn Communist Yet in two years it happened at the cost of hundreds of lives thousands of exiles the eradication of free press freedom of speech private education freedom of worship and private property Now everything belonged to the government all Cubans had to ask permission to travel abroad if they left they could not return The government decided what foods they could eat where they had to live what professions they could practice and what jobs were open to them This book presents the history of how it happened how it got started and the deceit and the treachery that made it possible Cuba has not recovered its lost freedoms after 60 plus years of Communism and probably never will Great lesson for anyone sympathetic with Marxism or the radical left Lector ,1984
