Ngwainmbi, 2022-02-18 This book explores how social media and its networked communities dismantles builds and shapes identity Social media has been instrumental sometimes dangerously so in binding together different communities with thirteen original chapters by leading academics in the field the volume investigates how belonging togetherness and loyalty is created in the digital sphere in a way that transcends and even dismantles ethnic and national borders around the world In tandem the volume analyses the further threats to identity presented by the ease with which fabricated news and information spreads on social media resulting in many users becoming unable to distinguish credible data from junk data Social media is both creative and destructive in its influence on identity and therefore the growing fake news crisis threatens the very stability of the world's communities This book provides relevant theoretical frameworks and the latest empirical research findings in the area including diverse case

studies and analyses of social media experiences in indigenous and urban communities around the world including China Africa and Central and South America **Media Asia** ,1980 **Reports and Papers on Mass Communication** Unesco. Mass Communication Techniques Division,1979 Communication for Social Change Anthology Alfonso Gumucio Dagron,Thomas Tufte,2006 Contains nearly 200 readings published between 1927 and 2005 in English or translated from other languages on the historical roots and pioneering thinking regarding communication for social change Covers a variety of topics including the radio tv and other mass communication information and communication technology the digital gap the formation of an information society national information policies participatory decision making communication of development pedagogy and entertainment education HIV AIDS communication for prevention etc Children Communicating Ellen Wartella,1979 A collection of essays on how children relate to each other how they interact with the media how their cognitive skills are affected by television and how they understand television narrative Contributors also examine differences in understanding and communicative skills between children of different ages and between children and adults Over all Children Communicating is a solid book the collection is rich in the variety of perspectives it brings together and the array of ideas that it stimulates It quite clearly demonstrates just how valuable to communication research the utilization of a developmental perspective can be Journal of Communication Spring 1980 **Developmental Change** Allan A. Spitz,2014-07-15 Developmental change and the related problems of modernization have attracted the attention of scholars in many disciplines In this bibliography derived and expanded from an earlier compilation by Mr Spitz and Edward Weidner the author orders and annotates nearly 2 500 articles appearing between 1945 and 1969 in 234 journals from 25 countries Organized by subject and indexed by both author and journal the citations include studies of social problems economic factors political questions public administration and international cooperation and assistance Special emphasis has been given to new and little known sources In addition a selected bibliography of monographs and book length studies dealing with the modernization of underdeveloped countries and areas is included in the volume **Media, Communication and Development** Linje Manyozo,2012-09-04 The book thus addresses the extant gap in scholarship in the field and includes a chapter on impact evaluation which current scholarship has either ignored or footnoted In addition the book uses case studies from both the global south and the global north to attend to complex and multidisciplinary concerns with participation power and empowerment The author brings in postcolonial perspectives to demonstrate that the use of MCD approaches emerged in response to the growing problems of underdevelopment and not necessarily to western development theories Using simple language that is at the same time theoretically engaged he opens up the field to scholars across a large number of disciplines *Rethinking Media Development through Evaluation* Jessica Noske-Turner,2017-10-26 This book argues for an overhaul of the way media assistance is evaluated and explores how new thinking about evaluation can reinforce the shifts towards better media development The pursuit of media freedom has been the bedrock of media

development since its height in the 1990s Today citizen voice participation social change government responsiveness and accountability and other demand side aspects of governance are increasingly the rubric within which assistance to media development operates This volume will appeal to scholars and students of media development and communication for social change whilst simultaneously representing a deep commitment to translating theoretical concepts in action oriented ways
