of the craft showing you how to develop a writer's voice that is unique, precise, and effective. From grammar rules to revision strategies, you'll find the crucial information you need in short, easy-to-browse sections that enable you to hone your own signature writing approach. No more wading through dry style manuals. No more guesswork. Just clear, proven guidance including Four Myths of Great Writing, The Elements of Style Checklist, The Elements of Composition Checklist, The Four-Step Writing Process, Glossary of Grammatical Terms, Proofreading Checklist, Four Common Errors in Word Choice, and How to Avoid Them, Five Ways to Bring Music to Your Writing, Fourteen Techniques to Eliminate Wordiness, and much more. Keys to Great Writing is like having your own desktop writing coach. Use it, learn from it, and give the voice to the great writer within you.

Learned Writing Chinua Asuzu, 2019-05-22. As lawyers, we must not in hot pursuit of common law outrun common sense. The dread of that eventuality prompted this book. Learned Writing promotes common sense in legal language. Plain language, which is commonsensical, broadens access to legal documents, thus democratizing the law. If democracy is government of the people, by the people, and for the people, law is the language in which government interacts with the people; it is the language of democracy. The people whose government speaks through law must understand what is said. No democratic society should brook legalese, a dense, verbose dialect known only to lawyers. What then should society do to redress the lawyer-induced obscurity? A Shakespearean character had an alarming proposal: "The first thing we do, let's kill all the lawyers." Apparently, that proposal was not enthusiastically endorsed, which explains why we're still here. A milder remedy, enrolling lawyers in language classes, has been muted, which explains why this book is in your hands. Learned Writing motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries. This book is as sweeping a treatment of its subject as you can find anywhere. **Read Me First!** Sun Technical Publications, 2003. **Read Me First!** The must-have reference for every technical writer, editor, and documentation manager. Provides all the information you need to document hardware, software, or other computer products. Written by award-winning documentation experts at Sun Technical Publications. **Read Me First!** is the most comprehensive guide to creating documentation that is clear, consistent, and easy to understand.
