International Maritime Organization Staff,1994 **International SafetyNET Manual** International Maritime Organization,2011 The third revision of the International SafetyNET Manual was circulated to IHO Member States endorsed by COMSAR at its fourteenth session in March 2010 and subsequently approved by the MSC at its eighty seventh session in May 2010 The amendments will come into force on 1 January 2012 *Maritime Claims and Boundary Delimitation* Nicholas A. Ioannides,2020-09-27 This book delves into the major developments triggered by the hydrocarbon discoveries in the

Eastern Mediterranean over the last twenty years focusing on maritime boundary delimitation Examining the impact that the hydrocarbon discoveries have had on the application of the law of the sea rules by the East Med states the book looks at the new trends concerning the implementation of the law of the sea in the region The book analyses regional state practice in terms of maritime delimitation namely the conclusion of bilateral agreements based on the law of the sea rules both conventional and customary reflecting the East Med states willingness to cooperate in order to reap the benefits of the energy windfall Alongside this analysis an outline of the hydrocarbon discoveries and the pertinent maritime activities is given as well as further coverage of the overlapping maritime claims and disputes between Greece Cyprus and Turkey on one side and Lebanon and Israel on the other Moreover the book examines the validity of maritime claims made by or through non state entities in the region namely the State of Palestine the UK Sovereign Base Areas and the so called Turkish Republic of Northern Cyprus and their potential impact on the delimitation agreements already in place The book argues that the East Med paradigm concerning the successful application of the pertinent norms in maritime delimitation proves that international law is resilient and capable of providing solutions in other turbulent regions around the globe This book will be of interest and importance to academics and students of international law professionals in the oil and shipping industries legal professionals and government agencies

*GMDSS for Navigators* John Seaton, Peter Smith, 2013-10-11 The Global Maritime Distress and Safety System GMDSS is becoming the all embracing term for communication and data transfer between ship and shore and ship and ship It is a highly automated system of terrestrial satellite communications technology whose primary role is to maintain safety of life at sea Within the next five years all vessels over 300 tonnes will be required to carry GMDSS equipment The seafaring nations of the world have together established the rules and regulations for good working practices within the system and every serving and future navigating officer will be required to hold the GMDSS General Operator's Certificate GMDSS for Navigators brings together in one publication the knowledge required by anyone who wants to become a qualified and competent operator of GMDSS communications equipment It should prove to be the accepted universal reference for GMDSS training

*GMDSS Manual* International Maritime Organization, 2007 The entry into force and implementation of the global maritime distress and safety system GMDSS between 1992 and 1999 was the most far reaching development in maritime emergency assistance since the invention of the radio The GMDSS Manual presents the principles on which the GMDSS is based the requirements for its implementation the standards to be met by GMDSS equipment and the method of operation of the various radio services which make up the GMDSS The annexes give comprehensive information on all aspects of the GMDSS including primary texts such as relevant texts of the 1974 SOLAS Convention relevant to the GMDSS relevant IMO Assembly resolutions MSC and COM circulars articles of the Radio Regulations resolutions of WARC and WARC Mob 87 conferences IMO performance standards and related ITU R recommendations and the Master Plan for the GMDSS Publisher's description
