Citizen Journalism Melissa Wall, 2012 Using digital tools such as YouTube and Twitter ordinary people are collecting and sharing news that might otherwise never get reported What does this trend mean for professional journalism and ultimately for democracy The chapters include examples of citizen journalism from Britain Burma Canada Iran Kenya Palestine Taiwan and the United States

International Handbook of Internet Research Jeremy Hunsinger, Lisbeth Klastrup, Matthew Allen, 2010-06-17 Internet research spans many disciplines From the computer or information sciences through engineering and to social sciences humanities and the arts almost all of our disciplines have made contributions to internet research whether in the effort to understand the effect of the internet on their area of study or to investigate the social and political changes related to the internet or to design and develop software and hardware for the network The possibility and extent of contributions of internet research vary across disciplines as do the purposes methods and outcomes Even the epistemological underpinnings differ widely The internet then does not have a discipline of study for itself It is a field for research Baym 2005 an open environment that simultaneously supports many approaches and techniques not otherwise commensurable with each other There are of course some inhibitions that limit explorations in this field research ethics disciplinary conventions local and national norms customs laws borders and so on Yet these limits on the internet as a field for research have not prevented the rapid expansion and exploration of the internet After nearly two decades of research and scholarship the limits are a positive contribution providing bases for discussion and interrogation of the contexts of our research making internet research better for all These limits challenges that constrain the theoretically limitless space for internet research create boundaries that give definition to the field and provide us with a particular topography that enables research and investigation

The SAGE International Encyclopedia of Mass Media and Society Debra L. Merskin, 2019-11-12 The SAGE International Encyclopedia of Mass Media and Society discusses media around the world in their varied forms newspapers magazines radio television film books music websites social media mobile media and describes the role of each in both mirroring and shaping society This encyclopedia provides a thorough overview of media within social and cultural contexts exploring the development of the mediated communication industry mediated communication regulations and societal interactions and effects This reference work will look at issues such as free expression and government regulation of media how people choose what media to watch listen to and read and how the influence of those who control media organizations may be changing as new media empower previously unheard voices The role of media in society will be explored from international multidisciplinary perspectives via approximately 700 articles drawing on research from communication and media studies sociology anthropology social psychology politics and business

Citizen Journalism Melissa Wall, 2018-12-20 Citizen Journalism explores citizen participation in the news as an evolving disruptive practice in digital journalism This volume moves beyond the debates over the mainstream news media attempts to control and contain citizen journalism to focus attention in a different direction the peripheries of traditional journalism Here more independent forms of citizen journalism enabled by social media are creating their own forms of news Among the actors at the boundaries of the professional journalism field the book identifies are the engaged citizen journalist and the enraged citizen journalist The former consists of under represented voices leading social justice movements while the latter reflects the views of conservatives and the alt right who often view citizen journalism as a performance Citizen Journalism further explores how non journalism arenas such as citizen science enable ordinary citizens to collect data and become protectors of the environment Citizen Journalism serves as an important reminder of the professional field's failure to effectively respond to the changing nature of public communication These changes have helped to create new spaces for new actors in such places traditional as well as upstart forms of journalism negotiate and compete

ultimately aiding the journalism field in creating its future

Public Journalism 2.0 Jack Rosenberry, Burton St John, 2009-12-16 Where does journalism fit in the media landscape of blogs tweets Facebook postings YouTube videos and literally billions of Web pages Public Journalism 2.0 examines the ways that civic or public journalism is evolving especially as audience created content sometimes referred to as citizen journalism or participatory journalism becomes increasingly prominent in contemporary media As the contributors to this edited volume demonstrate the mere use of digital technologies is not the fundamental challenge of a new citizen engaged journalism rather a deeper understanding of how civic public journalism can inform citizen propelled initiatives is required Through a mix of original research essays interviews and case studies this collection establishes how public journalism principles and practices offer journalists scholars and citizens insights into how digital technology and other contemporary practices can increase civic engagement and improve public life Each chapter concludes with pedagogical features including Theoretical Implications highlighting the main theoretical lessons from each chapter Practical Implications applying the chapter's theoretical findings to the practice of citizen engaged journalism Reflection Questions prompting the reader to consider how to extend the theory and application of the chapter blogging and other participatory journalism practices enabled by digital technology are not always in line with the original vision of public journalism which strives to report news in such a way as to promote civic engagement by its audience Public Journalism 2.0 seeks to reinvent public journalism for the 21st century and to offer visions of how digital technology can be enlisted to promote civic involvement in the news

From Industry 4.0 to Industry 5.0 Allam Hamdan, Arezou Harraf, Amina Buallay, Pallvi Arora, Hala Alsabatin, 2023-07-31 This book aims at bringing together global researchers to generate thought on how this transition from Industry 4.0 to Industry 5.0 could make a difference to the globe for larger good The collaboration and interaction between man and machine has given rise to Industry 5.0 With the prime objective of Industry 5.0 to create a benefit for the human beings while tapping on to the advantage of Industry 4.0 in no case does it replace what has already been achieved In fact it brings to light what can be done in order to make life better While Industry 4.0 offered extraordinary technological advancement Industry 5.0 reasons out that technology alone is not sufficient to answer everything or provide a solution but it is an amalgamation of both machine and human interaction to create that difference In fact with the impact of widespread digitalization that has led to dehumanization of the industrial makeup the interest of global researchers has increased toward mapping how the human creativity and brainpower can be reconciled with the intelligent systems that can enhance process efficiency Industry 5.0 has touched upon some of those key domains which are of much concern and debate globally including resilience both business and cyber environment and sustainability diversity and inclusion values and ethics vision and purpose circular economy understanding the human machine collaboration and the human touch in the production process This transition that has taken place in moving from Industry 4.0 to Industry 5.0 has essentially created a need to pay cognizance to the role of human in the process which creates an

enhanced focus toward the right kind of skills and competencies identification of training and developmental needs talent acquisition and management safety and wellbeing future of work as well as hybrid working models Undeniably the pace with which Industry 4.0 has been accelerating has bypassed the first three industrial revolutions which is definitely a consequence of the fast introduction of new and cutting edge technologies While organizations are already in analyzing the context mapping this transition and the flow of activities from Industry 4.0 to 5.0 is gaining attention as Industry 4.0 lacked personalization and customization This co existence of man and machine creates a pathway for newer prospects and opportunities to emerge and expand possibilities of personalization with the empowerment of human in the production process This lays the foundation for this book This book adopts a forward looking approach by bringing in research and contributions that facilitate in mapping the consequences and solutions for man machine across industries This book serves as a guide not just to academia but also to the industry to adopt suitable strategies that offer insights into global best practices as well as the innovations in the domain

As Democracy Goes, So Does Journalism Seong Jae Min, 2018-06-18 *As Democracy Goes So Does Journalism* Evolution of Journalism in Liberal Deliberative and Participatory Democracy explores the symbiotic relationship between democracy and journalism in an engaging historical narrative From a liberal to a deliberative and to a participatory model theories and practices of democracy are constantly looking for better governance How is journalism evolving to match the vibrant changes in its democratic counterpart This book suggests that the dominant trustee model of journalism that flourished in liberal democracy has waned the civic minded public journalism in deliberative democracy has had ups and downs and the free wheeling citizen journalism in participatory democracy is now under the spotlight whether for its brilliance or ill repute This book attempts to answer the vital questions facing journalism today namely its identities functions and relationship to democracy and the good life Scholars and students of journalism as well as the public interested in the past present and future of journalism will find this book valuable

Understanding Citizen Journalism as Civic Participation Seungahn Nah, Deborah S. Chung, 2020-02-17 *Understanding Citizen Journalism as Civic Participation* re conceptualizes citizen journalism in the context of Habermas's theory of the public sphere and communicative action to examine how citizen journalism practice as civic participation may contribute to a healthier community and democracy in the civil society context

Citizen journalism has garnered growing attention owing to the participation of ordinary citizens in the performance of news production. Drawing on the authors' decade-long collaboration on citizen journalism scholarship, this book posits a theoretical framework that relies on diverse communication perspectives to understand citizen journalism practice and its democratic consequences. This book will be of great relevance to scholars, researchers, professionals, and policy makers working in the field of journalism and media studies, culture studies, and communication studies.

The News and Its Future Paul McCaffrey, 2010. *The News and Its Future* considers how the Internet and other technological advancements will continue to impact news gathering and change the way the public keeps itself informed. Special attention is paid to emerging journalistic forms such as blogging and twittering, as well as more traditional methods like the newspaper and broadcast news.

Web Journalism:// Sean Tunney, 2009-12-03. Provides an analytical account of the implications of interactive participation in the construction of media content. This work seeks to critically assess Internet news production. It is suitable for those engaged in the debate over Web reporting and citizen journalism.

Globalization and Development Communication in Africa, 2008. Citizen Witnessing Stuart Allan, 2013-04-03. What role can the ordinary citizen perform in news reporting? This question goes to the heart of current debates about citizen journalism, one of the most challenging issues confronting the news media today. In this timely and provocative book, Stuart Allan introduces the key concept of citizen witnessing in order to rethink familiar assumptions underlying traditional distinctions between the amateur and the professional journalist. Particular attention is focused on the spontaneous actions of ordinary people caught up in crisis events transpiring around them who feel compelled to participate in the making of news. In bearing witness to what they see, they engage in unique forms of journalistic activity, generating firsthand reportage, eyewitness accounts, video footage, digital photographs, Tweets, blog posts, frequently making a vital contribution to news coverage. Drawing on a wide range of examples to illustrate his argument, Allan considers citizen witnessing as a public service, showing how it can help to reinvigorate journalism's responsibilities within democratic cultures. This book is required reading for all students of journalism, digital media, and society.

Ebenezer Soola Conference on Communication, 2007. **Citizen Journalism** Stuart Allan, Einar Thorsen, 2009. *Citizen Journalism: Global Perspectives* examines the spontaneous actions of ordinary people caught up in extraordinary events and compelled to adopt the role of a news reporter. This collection of twenty-one chapters investigates citizen journalism in the West, including the United States, United Kingdom, Europe, and Australia, as well as its development in other national contexts around the globe, including Brazil, China, India, Iran, Iraq, Kenya, Palestine, South Korea, Vietnam, and even Antarctica. Its aim is to assess the contribution of citizen journalism to crisis reporting and to encourage new forms of dialogue and debate about how it may be improved in the future. The book contains contributions by Mark Deuze about *The Future of Citizen Journalism* and Paul Bradshaw about *Wiki Journalism*.
