

Wave Recognition

A pair of pattern-recognition cards is used orally. The sequence combinations they pass through (vertical and horizontal) are observed. Individual combinations are given. Students produce the corresponding combinations. Make a similar recognition for horizontal patterns that will produce LRR. Students will then produce the corresponding combinations.

The grid consists of 10 rows of pattern-recognition cards. Each row contains two cards separated by a vertical line. The cards show various wave patterns on a grid. A legend on the right side of the grid shows a box with 'LRR' and a circle with 'L'.

Card 1: Wave pattern starting with a peak, followed by a valley, then a peak, then a valley, then a peak.	Card 2: Wave pattern starting with a peak, followed by a valley, then a peak, then a valley, then a peak.
