**Work on Your Grammar** Collins UK, 2013 This is a resource for learners who want to improve their English grammar Each of the 30 units presents a different area of grammar using clear language and examples This is followed by practice exercises to ensure the learner will remember and be able to use what they have learnt with confidence in their written and spoken English **Research Methods for Classroom Discourse** Jenni Ingram, Victoria Elliott, 2019-10-17 Language both

spoken and written is key to understanding learning processes in the classroom **Research Methods for Classroom Discourse** is for those who want to investigate spoken interaction or other discourse in the classroom It lays out clearly the different approaches which are possible identifying the key principles of each It addresses the differences between them and the consequences these differences might have for teachers and researchers Each approach is outlined in terms of practical methods advice reasons for use and case studies in which the approach has been used in classroom discourse Common

approaches such as conversation analysis positioning theory and critical discourse analysis are included alongside more specialised approaches such as discursive psychology and corpus linguistics The context of classroom research is used to frame all discussions with connections to other uses and applications where it can enhance the research being undertaken The authors demonstrate the relationship between these different theoretical approaches through considering particular applications to common topics within classroom research such as multilingual learners knowledge knowing and identity The authors assume no prior knowledge of technical terms and a glossary of key term terms is included Practical issues such as ethics data collection and transcription are an integral part of the discussion throughout providing students with all the knowledge needed to embark upon a successful research project in this area **The Cumulative Book Index** ,1998 A world list of books in the English language **Developing Intercultural Perspectives on Language Use** Troy

McConachy,2017-11-20 Many language teachers recognise the importance of integrating intercultural learning into language learning but how this can be best achieved is not always apparent This is particularly the case in foreign language learning contexts where teachers are working with a prescribed textbook and opportunities to use the language outside the classroom are limited This book argues that teachers can work creatively with conventional resources and utilise classroom experiences in order to help learners interpret aspects of communication in insightful ways and develop awareness of the influence of cultural assumptions and values on language use The book provides extensive analysis of a range of classroom interactions to demonstrate how teachers and learners can work together to construct opportunities for intercultural learning through reflection on pragmatics
