KNOW YOUR AUDIENCE PUBLIC SPEAKING ACTIVITY

There are two versions of this activity: one for younger kids (pages 3) and a slightly more complex one for older students (pages 4).

1. Read the following text:

Dinosaurs lived millions of years ago and were some of the biggest animals ever to walk the Earth. They came in all shapes and sizes, from the towering T-Rex to the tiny Velociraptor.

You will create three different versions of this paragraph to fit three different audiences:

- **kindergarten class:** Make the paragraph simple and easy to understand. Use basic words and short sentences.
- **teens/high school students:** To engage the older group, use more detailed descriptions and slightly more complex vocabulary.
- **university professors:** Include scientific terms and more detailed information to match the audience's knowledge and interest level.

On the next page, you can rewrite the original paragraph in three different ways, each tailored to fit the specific audience you identified.

Remember to speak to the right audience.
