Teaching And Researching Speaking:

Teaching and Researching Speaking Rebecca Hughes, Beatrice Szczepek Reed, 2016-12-19 Teaching and Researching Speaking provides an overview of the main approaches to researching spoken language and their practical application to teaching classroom materials and assessment The history and current practices of teaching and researching speaking are presented through the lens of bigger theoretical issues about the object of study in linguistics social attitudes to the spoken form and the relationships between spoken and written language A unique feature of the book is the way it clearly explains the nature of speaking and how it is researched and puts it into the context of a readable and holistic overview of language theory This new edition is fully updated and revised to reflect the latest developments on classroom materials and oral assessment as well as innovations in conversation analysis The resources section is brought up to date with new media and currently available networks online corpora and mobile applications This is a key resource for applied linguistics students English language teachers teacher trainers and novice researchers *Teaching and Researching: Speaking* Rebecca Hughes, 2013-11-04 Speaking is a dynamic interpersonal process and one that strongly influences how we are perceived by others in a range of formal and everyday contexts Despite this speaking is often researched and taught as if it is simply writing delivered in a different mode In Teaching and Researching Speaking Rebecca Hughes suggests that we have less understanding than we might of important meaning making aspects of speech such as prosody gaze affect and the ways speakers collaborate and negotiate with one another in interaction This thoroughly revised and updated second edition looks to the future of the field offering A new chapter on assessment discussing high stakes oral language testing contexts such as immigration New material considering access to spoken data via the worldwide web and new technologies that allow neurolinguistic insights formerly hidden from view Summaries and case studies to help the reader understand how to approach researching speaking and encourages practitioners to question the models of speaking that they are using in their classrooms Reviewing materials and assessment practices in the light of current knowledge about spoken language and highlighting areas for new work and collaboration between researchers and practitioners this book will be a valuable resource for anyone involved in language teaching Teaching and Researching Speaking Rebecca Hughes, 2002 An up to date summary of current research and issues in the field of teaching and researching that can then be applied to classroom practice *Teaching and Researching: Speaking* Rebecca Hughes, 2013-11-04 Speaking is a dynamic interpersonal process and one that strongly influences how we are perceived by others in a range of formal and everyday contexts Despite this speaking is often researched and taught as if it is simply writing delivered in a different mode In Teaching and Researching Speaking Rebecca Hughes suggests that we have less understanding than we might of important meaning making aspects of speech such as prosody gaze affect and the ways speakers collaborate and negotiate with one another in interaction This thoroughly revised and updated second edition looks to the future of the field offering A new chapter on assessment

discussing high stakes oral language testing contexts such as immigration New material considering access to spoken data via the worldwide web and new technologies that allow neurolinguistic insights formerly hidden from view Summaries and case studies to help the reader understand how to approach researching speaking and encourages practitioners to question the models of speaking that they are using in their classrooms Reviewing materials and assessment practices in the light of current knowledge about spoken language and highlighting areas for new work and collaboration between researchers and practitioners this book will be a valuable resource for anyone involved in language teaching

Teaching and Researching: Speaking ,2010 Spoken English, TESOL and Applied Linguistics Rebecca Hughes,2005-12-15 Leading researchers in the field of spoken discourse and language teaching offer an empirically informed issues based discussion of the present state of research into spoken language They address some of the complex and rewarding opportunities offered by these emerging insights for language education and specifically for TESOL They ask whether new data and evidence that spoken discourse is a distinctive genre will challenge existing language theories and teaching What could be the practical outcomes for curriculum teaching approaches materials and assessment A stimulating resource for researchers and for professional and student language teachers
