Buffett and Beyond J B Farwell, Dr.Joseph Belmonte,2004-04-26 This exciting new book will impact your financial life forever The information in this book sets a much higher standard for stock analysis that sooner or later must be implemented by every

professional money manager in order to stay competitive Warren Buffett had it right all along Now it s your turn to learn how to construct a portfolio that is sure to outperform the market averages and almost every professional money manager in the world When Dr Farwell was almost finished with his Doctoral Dissertation work on the predictability of the future returns of stocks he discovered that Warren Buffett used the same method of predictability in determining a future target price which in turn determines his all important purchase price Buffett however does not draw conclusions of his predictability method relative to the future total returns of portfolios Dr Farwell takes Buffett s method one giant step BEYOND and proves to you that if you select a portfolio of stocks using the predictability method in this book your portfolio has almost a 100% chance of continually outperforming the market averages The most important aspect of this work according to the author is that every single one of the portfolios which were predicted to outperform the S P 500 during the test periods beginning in 1982 did in fact achieve greater returns than the S P 500 as was predicted by the author s research Now it s your turn to learn how to achieve these exciting results

B. Farwell,2004-05 If you ever wondered if there is a God and want to get to know Him I assure you that you will find Him after reading how He saved my life and my soul after many events that happened through out my lifetime The main theme in this book is the love of God for each one of us If we would just realize this and to know He is with us and all we have to do is call out to Him as He hears us He created us because He was lonely and wanted someone to commune with and have fellowship with This is why He created Adam and Eve and each one of us He wants us to call upon Him and ask Him for our needs Then when He answers our prayers He loves to hear us thank and praise Him each time It s a joy to Him to hear your praises Sometimes our prayers are answered right away Other times we have to wait until the time is right to answer When He doesn t answer it s for our own good as it could be something He sees that could harm us or wouldn t be good for us If we have to wait a while He will answer when the time is right In His due time When we believe in Him He will reveal Himself to us through His word and in other ways that He answers our prayers **Beyond the Final Score** Tom Osborne,2010-10-27
