Accounting What The Numbers Mean:

Accounting David H. Marshall, Wayne W. McManus, Jean McCartney (accountant.), Daniel F. Viele, Di Van Rhyn, 2010
Winner Best Tertiary title Adaptation Australian Publishing Awards 2008 The judges particularly praised the book as follows the wrap around jacket is a really good feature with identification of the needs of students The learning objectives are graded and the chapters are well structured Everything is tied into the learning objectives and is graded accordingly This accessible introduction to accounting retains a practical balance between accounting theory and practice Taking a transaction analysis approach *Accounting What The Numbers Mean* is ideally suited for the one semester introductory accounting unit These courses are typically taken by non accounting majors as well as postgraduate and MBA students The strengths of the first edition such as the clarity of the pedagogy and writing style have been maintained To aid learning chapters have been streamlined and greater coverage of ratio analysis included whilst debits and credits material has been retained in the appendix

Accounting David H. Marshall, Dianne van Rhyn, Jean McCartney, 2005 This new Australian adaptation is based on the successful US book now in its 6th edition The text has an accounting user focus and is intended for the one semester introductory accounting unit These courses are typically undertaken by accounting and non accounting majors as well as postgraduate and MBA students Whilst the underlying strengths of the US edition have been retained some significant changes have been made both as a result of market feedback and the author's own experience whilst teaching Australian students from the US edition In meeting market demands for the most relevant topical issues a new chapter on corporate governance and ethics has been added

Accounting: What the Numbers Mean David Marshall, Wayne McManus, Daniel Viele, 2007-10-16 Accounting has become known as the language of business This new edition is written to meet the needs of those students who will not be accountants but who do need to understand accounting to learn the key language that embarks us in the business world Marshall the leading text in the Survey market takes readers through the basics what accounting information is what it means and how it is used In using this text students examine financial statements and discover what they do and do not communicate This enables them to gain the crucial decision making and problem solving skills they need in order to succeed in a professional environment The new edition still has a strong focus on Return on Investment while updated content is integrated throughout
