Skills tested

➤ Reading

- Understanding overall meaning
- Understanding specific information and details
- Identifying a writer's purpose, style, tone or attitude
- Understanding academic vocabulary
- Reading a text under timed conditions

➤ Speaking

- Speaking fluently at a natural speed
- Using clear pronunciation
- Using appropriate intonation, stress, rhythm and linking
- Using a tone appropriate to the reason for speaking (e.g. to inform or to explain)

Points to remember: Speaking tasks

- You have a chance to **check your microphone** at the beginning. During all speaking tasks, keep your microphone the same distance from your mouth as it was during the microphone check. Speak at the same volume (not louder, not quieter).
- **Don't click 'Next' too soon.** Only move on to the next task when you are sure you are finished with the current one. You can't go back to these tasks to try again.

Teacher's tips

Remind test takers to speak at a normal volume throughout the test. PTE Academic microphones are sensitive to levels of speech and speaking loudly can distort sound and the ability of the computer to recognise what the test taker is saying. Speaking too loudly can in fact, affect the test takers score negatively.
