Bjørnstjerne Bjørnson, 1832-1910 William Morton Payne,2020-09-28 Eight years ago taking a bird s eye view of the mountain peaks of contemporary literature and writing with particular reference to Bjørnson s seventieth birthday it seemed proper to make the following remarks about the most famous European authors then numbered among living men If one were asked for the name of the greatest man of letters still living in the world the possible claimants to the distinction would hardly be more than five in number If it were a question of poetry alone Swinburne would have to be named first with Carducci for a fairly close second But if we take literature in its larger sense as including all the manifestations of creative activity in language and if we insist furthermore that the man singled out for this pre minence shall stand in some vital relation to the intellectual life of his time and exert a forceful influence upon the thought of the present day the choice must rather be made among the three giants of the north of Europe falling as it may be upon the great hearted Russian emotionalist who has given us such deeply moving portrayals of the life of the modern world or upon the passionate Norwegian idealist whose finger has so unerringly pointed out the diseased spots in the social organism earning by his moral surgery the name of pessimist despite his declared faith in the redemption of mankind through truth and freedom and love or perchance upon that other great Norwegian equally fervent in his devotion to the same ideals and far more sympathetic in his manner of inculcating them upon his readers who has just rounded out his scriptural tale of three score years and ten and in commemoration of the anniversary is now made the recipient of such a tribute of grateful and whole souled admiration as few men have ever won and none have better deserved It would be certainly invidious and probably futile to attempt a nice comparative estimate of the services of these three men to the common cause of humanity let us be content with the

admission that Bj rnstjerne Bj rnson is primus inter pares and make no attempt to exalt him at the expense of his great contemporaries Writing now eight years later at the time when Bj rnson s death has plunged his country and the world in mourning it is impressive to note that of the five men constituting the group above designated Tolstoy alone survives to carry on the great literary tradition of the nineteenth century Lies in Blood Angela M.
