**Battle of the Linguist Mages** Scotto Moore, 2022-01-11 This is a stand alone novel with material enough for six By the halfway point it had blown my mind twice an audacious genre bending whirlwind New York Times It reads like Snow Crash had a dance off with Gideon the Ninth in a world where language isn't a virus from outer space it's a goddamn alien invasion Charles Stross In modern day Los Angeles a shadowy faction led by the Governor of California develops the arcane art of combat linguistics planting the seeds of a future totalitarian empire Isobel is the Queen of the medieval rave themed VR game Sparkle Dungeon Her prowess in the game makes her an ideal candidate to learn the secrets of power morphemes unnaturally dense units of meaning that warp perception when skilfully pronounced But Isobel's reputation makes her the target of a strange resistance movement led by spellcasting anarchists who may be the only thing stopping the cabal from toppling California over the edge of a terrible transformation with forty million lives at stake Time is short for Isobel to level up and choose a side because the cabal has attracted much bigger and weirder enemies than the anarchist resistance emerging from dark and vicious dimensions of reality and heading straight for planet Earth At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

**We Travel the Space Ways**. Henriette Gunkel, Kara Lynch, 2019-06-13. A new take on Afrofuturism, this book gathers together a range of contemporary voices who carry legacies of 500 years of contact between Africa, Europe, and the Americas, reach towards the stars and unknown planets, galaxies, and ways of being. **McCall's**, 1984. *Fourth Wave Feminism in Science Fiction and Fantasy*. Valerie Estelle Frankel, 2019-11-22. Television is entering a unique era in which women and minorities no longer serve under white captains but take the lead, and all the other roles as well. In a brilliant new universe where the intersectional values of fourth wave feminism are becoming more widespread, fantasy and science fiction are leading the charge. Shows from *Star Wars* to *Doctor Who* are rewriting their traditional storylines to include more well-rounded and racially diverse female characters. *Steven Universe*, *DC's Legends of Tomorrow*, *Orphan Black*, and *Sense8* highlight queer characters and experiences. Dystopias like *Marvel's Jessica Jones* and *The Handmaid's Tale* show the female perspective, entirely guiding viewers from trauma to self-determination. In fantasy and horror, *Wynonna Earp*, *Game of Thrones*, *Supergirl*, *Vikings*, *American Horror Story*, *Black Mirror*, and *The Walking Dead* reveal how much the story changes with a spectrum of women reclaiming the text from white, straight, young, cisgender men. These new shows are intersectional, digital, global, critical, and political, with fan responses changing the content and cutting-edge platforms like Netflix and Hulu shaking up the format.
