Bauta,2022-07-15 This book goes where no other work has gone It refuses to conform to the conventional descriptions of the realities of widows in Africa Thus rather than approach the issue of widowhood from the vantage point of what society can do for widows the book considers what widows can do for society Christian widows in northern Nigeria are defying the restrictions assigned to their widowhood Remarriage and property inheritance for instance are not central to widows ambitions Widows believe that they are not passive observers within society rather they are agents of social change Therefore they are drawing from their faith in religious social and economic engagements towards societal transformation Of the institutions that influence their lives Christian institutions provide the best guide for the embodied agency of Christian widows in northern Nigeria The theory of embodiment considers the ways Christian widows emulate the life of Jesus towards remaking society Mechanical Harvest of Fresh Market Apples Zhao Zhang,Zhaohua Zhang,Cannayen Igathinathane,Yingkuan Wang,Yiannis Ampatzidis,Gang Liu,2021-11-02 This book presents the progress changes and evolvment for apple mechanical harvest during the past decades which include but not limited to bulky harvest method harvest platform apple infield sorting and harvest robotics Though there are significant progresses in apple harvest robotics there still is a long way ahead before its practical applications with existing and potential bottlenecks described in this book Hence other researchers would take advantage of this book to have a hint of the apple mechanical harvest history and state of the art progress so that they can find the room for their new research This book targets senior undergraduates and more importantly graduate students in the field of
