Kristin G. Congdon,Kara Kelley Hallmark,2012-03-19 Folk art is as varied as it is indicative of person and place informed by  
innovation and grounded in cultural context The variety and versatility of 300 American folk artists is captured in this  
collection of informative and thoroughly engaging essays American Folk Art A Regional Reference offers a collection of  
fascinating essays on the life and work of 300 individual artists Some of the men and women profiled in these two volumes  
are well known while others are important practitioners who have yet to receive the notice they merit Because many of the  
artists in both categories have a clear identity with their land and culture the work is organized by geographical region and  
includes an essay on each region to help make connections visible There is also an introductory essay on U S folk art as a  
whole Those writing about folk art to date tend to view each artist as either traditional or innovative One of the major  
contributions of this work is that it demonstrates that folk artists more often exhibit both traits they are grounded in their  
cultural context and creative in the way they make work their own Such insights expand the study of folk art even as they  
readjust readers understanding of who folk artists are      **Cutting Back** Leslie Buck,2017-05-03 An unusual and  
entertaining memoir New York Times Book Review At thirty five Leslie Buck made an impulsive decision to put her personal  
life on hold to pursue her passion Leaving behind a full life of friends love and professional security she became the first  
American woman to learn pruning from one of the most storied landscaping companies in Kyoto Cutting Back recounts Buck  
s bold journey and the revelations she has along the way During her apprenticeship in Japan she learns that the best Kyoto  
gardens look so natural they appear untouched by human hands even though her crew spends hours meticulously cleaning  
every pebble in the streams She is taught how to bring nature s essence into a garden scene how to design with native plants  
and how to subtly direct a visitor through a landscape But she learns the most important lessons from her fellow gardeners  
how to balance strength with grace seriousness with humor and technique with heart      [CUET PG Horticulture Chapterwise](#)
