The authors emphasize play, cross-cultural sensitivity, and encouraging competence in young children. The clear writing and practical examples ensure easy reading. The concise writing style, relevant examples, and practical suggestions are hallmarks of this text. Present-day emergent curriculum programs are explored in *New Emergent Curriculum in Action*. Well-developed tables organize pertinent information. The excellent theoretical base and conceptual framework for curriculum provide understanding that will stay with students forever. The text encourages students to respond to the needs of children but also explains how to identify goals and objectives, incorporate them into curriculum that meets individual needs, and use developmentally appropriate assessment methods.
