From Demonized To Organized Building The New Union Movement:

From Demonized to Organized Nora Loreto, 2013 *The Handbook of Digital Labor* Jack Linchuan Qiu, Shinjoung Yeo, Richard Maxwell, 2025-04-09 Provides a global perspective on labor and technology exploring resistance solidarity and alternatives in digital capitalism The Handbook of Digital Labor critically examines how digital technologies are reshaping work and employment around the globe Bridging historical and contemporary perspectives this timely volume explores the dynamics of labor within digital capitalism using a critical framework that illuminates the systemic challenges faced by workers across diverse sectors Dozens of contributing authors address key challenges including surveillance inequality and environmental exploitation while highlighting innovative forms of resistance and organizing Organized into four sections Working Class Resistance Digital Capitalism and Alternatives Laboring under Digital Capitalism and Theorizing Digital Labor the Handbook offers a nuanced understanding of how workers navigate the intersection of technological advancement and capitalist development In depth chapters cover topics ranging from platform work to AI driven labor processes shedding light on the realities of digital labor Equipping readers with the tools to critically engage with labor struggles across diverse industries and geographies the Handbook of Digital Labor Offers interdisciplinary insights from leading scholars in media communication labor studies political economy as well as unionists activists and other on the ground practitioners Presents both historical and contemporary analyses of labor conditions under digital capitalism Advocates for actionable strategies to empower labor movements and build equitable and sustainable alternatives Features real world case studies of worker resistance and solidarity across platforms and industries Emphasizing both theory and praxis the Handbook of Digital Labor is ideal for advanced undergraduate and graduate students junior faculty and researchers in media studies labor sociology and public policy It is a vital resource for courses on digital labor political economy and social change within communications and technology programs Labor organizers policymakers and industry professionals will find it an indispensable guide to navigating the complexities of work in the digital age Reclaiming the Commons for the Common Good Heather Menzies, 2014-05-13 An engaging and intimate journey of personal and political discovery Sticky, Sexy, Sad Treena Orchard, 2024-03-01 Lifelong luddite Treena Orchard was a newly sober woman coming off a much needed break from relationships reluctantly taking the digital plunge by downloading a dating app Instead of the fun easy experiences advertised on swiping platforms she discovered endless upkeep ghosting fleeting moments of sexual connection and a steady flow of misogyny In Sticky Sexy Sad Orchard uses her skills as both an anthropologist who studies sexuality and a sex positive feminist to explore what it feels like to want love while also resisting the addictive pull of platforms designed to make us swipe dependent She asks important questions for those searching for love in the modern era What are the social and human impacts of using dating apps How can we maintain our integrity and warm blooded desire for intimacy while swiping Can we resist some of the problematic aspects of swipe culture Is love on dating apps even possible Revealing how dating

apps are powerful social and sexual technologies that are radically transforming sexuality relationships and how we think about ourselves this remarkable book cracks the code of modern romance Told with humor and vulnerability Sticky Sexy Sad is a riveting and inspiring guide to staying true to ourselves amid the digitization of love in the twenty first century **Crisis and Contagion** Ian McKay, 2023-10-17 Crisis and Contagion is a selection of fourteen interviews conducted by Ian McKay of the Wilson Institute at McMaster University Interviews with Nancy Fraser Mike Davis Mack Penner Andreas Malm and Merrill Singer explore capitalism s organic crisis and the ways it has made this and future pandemics inevitable Nora Loreto Tithi Bhattacharya Chandrima Chakraborty Merlin Chowkwanyun and Sanjay Nepal discuss the experiences of ordinary people in the pandemic J Michael Ryan Laura Spinney Naomi Klein and Noam Chomsky explore the long term effects and likely historical legacy of a pandemic that has changed millions of lives and maybe the trajectory of human civilization These scholars propose that to understand the impact of Covid 19 we have to understand the conflictual history of capitalism and to ward off future pandemics we need to start building a post capitalist alternative to the disease generating and highly unequal global neoliberal order As capitalist forces work to shove what we have learned from the Covid 19 pandemic down the memory hole Crisis and Contagion offers a must read for those wanting to seize this moment of change and revolution

Embedded with Organized Labor Steve Early, 2009-07 Collected for the first time the essays that comprise Embedded With Organized Labor present a unique and informed perspective on the class war at home from a longtime organizer and participatory labor journalist Steve Early tackles the most pressing issues facing unions today and describes how workers have organized successfully on the job and in the community in the face of employer opposition now and in the past This wide ranging collection deals with the dilemmas of union radicalism the obstacles to institutional change within organized labor and strategies for securing workers rights in the new global economy It also addresses questions hotly debated among union activists and friends of labor including workers rights as human rights new forms of worker organization such as worker centers union democracy cross border solidarity race gender and ethnic divisions in the working class and the lessons of labor history **Extraer justicia** Kuyek, Joan, 2020-11-27 El modelo extractivo minero en Am rica Latina se puede considerar como el de mayor impacto en las afectaciones ambientales y en los derechos humanos y colectivos de los pueblos Es la expresi n m s violenta que conocemos sobre los pueblos y la naturaleza La disputa entre las comunidades rurales los pueblos originarios y las grandes campa as mineras se convierte en una lucha encarnizada ba ada de violencia y ambici n Sin embargo poco conocemos sobre la situaci n de la actividad minera en Canad Joan Kuyek desnuda las experiencias de despojo y destrucci n ambiental que viven los pueblos originarios y otros sectores de la sociedad canadiense Descubrimos que tambi n hay pueblos en resistencia y una sociedad movilizad a frente a las consecuencias sociales y ambientales que genera la extracci n de minerales en el norte desarrollado Tal como nos pasa en el Sur en Canad se ha tenido que enfrentar con un sistema colonial y de impunidad en el que las empresas mineras ejercen mucha influencia sobre los gobernantes Joan Kuyek

nos ayuda a entender que el modelo extractivo minero tiene fronteras donde que sus formas de operar y afectar el medioambiente y los territorios son muy similares

Labor in the Time of Trump Jasmine Kerrissey, Eve Weinbaum, Clare Hammonds, Tom Juravich, Dan Clawson, 2020-01-15 Labor in the Time of Trump critically analyzes the right wing attack on workers and unions and offers strategies to build a working class movement While President Trump s election in 2016 may have been a wakeup call for labor and the Left the underlying processes behind this shift to the right have been building for at least forty years The contributors show that only by analyzing the vulnerabilities in the right wing strategy can the labor movement develop an effective response Essays in the volume examine the conservative upsurge explore key challenges the labor movement faces today and draw lessons from recent activist successes Contributors Donald Cohen founder and executive director of In the Public Interest Bill Fletcher Jr author of Solidarity Divided Shannon Gleeson Cornell University School of Industrial and Labor Relations Sarah Jaffe co host of Dissent Magazine s Belabored podcast Cedric Johnson University of Illinois at Chicago Jennifer Klein Yale University Gordon Lafer University of Oregon s Labor Education and Research Center Jose La Luz labor activist and public intellectual Nancy MacLean Duke University MaryBe McMillan President of the North Carolina state AFL CIO Jon Shelton University of Wisconsin Green Bay Lara Skinner The Worker Institute at Cornell University Kyla Walters Sonoma State University

New Labor Forum ,1997 *The Future of Labor Unions* Julius G. Getman, F. Ray Marshall, 2004 *De la diabolisation à l'organisation* Nora Loreto, 2015 **Daily Report** ,1995 **American Labor Turns a New Page** ,1935 Managing Globalization in Developing Countries and Transition Economies Moses Kiggundu, 2002-12-30 Examines the opportunities and challenges globalization offers to developing countries and transition economies *The New York Times Index* ,2007 Labor Pains Suzan Erem, 2001-10 Labor Pains is an insider s account of the struggle to rebuild a vibrant and powerful trade union movement in the United States It takes as its starting point the daily experience of a union organizer and brings that experience to life It enables us to grasp how the conflicting demands of race class and gender are lived in the new union movement The role of the unions is defined mainly by larger economic and political agendas While keeping these agendas clearly in sight Erem focuses primarily on aspects of the life of the union which often remain hidden The personal crises of union members become entangled in the work of the union The energies of the union are focused not only on winning gains from bosses but also on maintaining internal cohesion and morale among workers Barriers of race age and gender are constantly negotiated and overcome and conflicts flare up across them at moments of tension And union life goes on not only when the workers have made their point or won a victory but after defeat as well The personalities and ambitions of union organizers converge at times and become a source of tension at others Each individual within the larger collective has their own task of finding a viable balance between public and private selves These intersecting lines of force are imaginatively recreated in this book Erem writes as a woman in a union movement which is dominated by men as the child of immigrants in a movement whose members are increasingly

immigrants themselves as one who finds herself in the racial no man s land between black and white While never underestimating the obstacles in the way of the union movement she makes a powerful and passionate case for organizing the disorganized and empowering the powerless *Solidarity Divided* Bill Fletcher,Fernando Gapasin,2008-06-23 Anyone concerned with the struggles of America s working people is going to be fascinated by this rare insiders look at the external forces and internal fumbblings that have so drastically weakened the labor movement Both in its sweeping analysis and priceless reportage *Solidarity Divided* is a deeply illuminating book and a solid argument for why our unions need to reclaim their historic heritage as a militant grassroots movement Barbara Ehrenreich author of *Nickel and Dime* Bill Fletcher and Fernando Gapasin have put together a hard hitting analysis of the crisis facing organized labor But this is not just something for people involved in unions If we are to build a movement for social justice then we must confront the issues that they are raising Danny Glover This is an extraordinarily important and provocative reflection on the limitations of self reform and reinvention within the American labor movement The authors provide readers with a unique first hand view of internal debates personalities and decision making processes but also use their intimate knowledge of union culture and carefully narrated case studies to transcend mere stone throwing This book is unlikely to be matched by any other journalistic account or memoir A landmark in all debates about what next for labor Mike Davis author of *Prisoners of the American Dream* There are few writers and activists whom I would rather read on the recent past the present and the future of the labor movement than Fernando Gapasin and William Fletcher This is an especially accessible and balanced exploration of recent efforts at community unionism international solidarity coalition with nonunion workers and empowerment of immigrants Above all this is far and away the best argument for the importance of central labor unions that I have read David R Roediger author of *Working Toward Whiteness* This is a very valuable work well written and useful to union activists and students of working class life and history alike Fletcher and Gapasin have performed a public service of high quality by bringing into the national conversation an enlightened focus on labor and its relation to other sectors of the population seeking to reinvigorate and enlarge our democracy This book is a star to steer by as we move through troubled waters in a dark time confident that in our substantive unity of purpose we can and shall overcome Jack O Dell former associate editor *Freedomways* magazine

NACLA Report on the Americas ,2001 Heterodoxy ,1992 *Labor Standard* ,1999
