### **Becoming a Migrant Worker in Nepal**

Hannah Uprety, 2022-09-01. High-profile events such as the 2022 FIFA World Cup in Qatar have made one thing abundantly clear: Much of today's economic growth would be unthinkable without the low-wage employment of migrant workers. But which cultural, economic, and political infrastructures in the source countries make these types of migration possible in the first place? Based on multi-sensory ethnographic research in Nepal, Hannah Uprety retraces the practices of recruitment and instruction that step by step transform Nepali labor into an internationally marketable commodity. In doing so, she uncovers a migration regime that effectively turns local men and women into migrant workers before they even leave the country.

### **Gartner Group Symposium ITxpo**, 1998      *The Global Challenge* Vladimir Pucik, Paul Evans, Ingmar Bjorkman, Shad

Morris, 2024-05-03. Formerly published by Chicago Business Press, now published by Sage. Since strategy, organizational capabilities, and people management are increasingly intertwined in multinational firms, *The Global Challenge* takes a general management perspective on the issues associated with international human resources. Each chapter in this book is a stand-alone guide to a particular aspect of international human resource management: HRM from the history and overview of international human resource management in the first chapter to the functional implications for human resource professionals in the last, from building multinational coordination to managing the human side of cross-border acquisitions. The authors build on the traditional agenda of international human resource management: how to respond to cultural and institutional differences, manage cross-border mobility, and develop global leaders. This new edition contains the latest advances from research and practice.

### **Global Cosmetic Industry**, 2003. The information resource for personal care

professionals.      *Airlines in a Post-Pandemic World* Nawal K. Taneja, 2021-06-08. The COVID-19 pandemic represents an

extraordinary inflection point that caught airlines worldwide unprepared causing CEOs to recalibrate their business models This book explains why this unprecedented pandemic is different from the past disruptions experienced by the airline industry during the past 50 years and what airlines and related businesses now can do to adapt to the dramatically changed marketplace This book presents two future scenarios continuous improvements and elastic supply These are considered in three specific contexts for the rebuilding of the airline business These contexts in the order of urgency with respect to change from the status quo are the following The first context is for airlines to become better prepared to deal with frequent and deeper disruptions that could be localized or globalized relating to such areas as climate change geopolitics and cybersecurity The second context is to collaborate and integrate within the much broader travel ecosystem possibly using platforms to innovate on new value systems The third context which has always been the case and drives the first two is for airlines to offer real solutions to people s travel needs solutions developed with imagination and turbocharged innovation even as we contemplate new technology airplanes and mobility as a service solutions This book is recommended reading for all senior level practitioners of airlines and related businesses as well as aviation policy makers worldwide
