Rubert, Kent R. Rasmussen, 2001-07-17 Zimbabwe one of Africa's longer more promising countries has been in the news a lot recently for all the wrong reasons This more than justifies a third edition Zimbabwe has witnessed an incredible amount of history in the relatively short span of eighteen years The new edition of this dictionary updates the dictionary to keep it abreast of the changes in the country Hundreds of fresh entries cover new political leaders changing governmental cultural and economic developments and scores of place name changes There were also corrections to existing entries and an expanded bibliography **The Social and Political History of Southern Africa's Languages** Tomasz Kamusella, Finex Ndhlovu, 2017-11-21 This book is the first to offer an interdisciplinary and comprehensive reference work on the often marginalised languages of southern Africa The authors analyse a range of different concepts and questions including language and sociality social and political history multilingual government and educational policies In doing so they present significant original research ensuring that the work will remain a key reference point for the subject This ambitious and wide ranging edited collection will appeal to students and scholars of southern African languages sociolinguistics history and politics [Civil Society in Zimbabwe](#) Mandlenkosi Mpofu, Dion Nkomo, Kirk Helliker, 2025-09-01 This book considers the historical and spatial dimensions of civil society in Zimbabwe's Matabeleland region an area suffering from severe development and democratic deficits over many decades Transcending an organisational conception of civil society and a simplistic state civil society dualist understanding it recognises the dynamic character of civil society as a social space inclusive of less formalised associational forms of collective life as well as the colonial character and legacies of civil society both analytically and empirically This book facilitates a nuanced understanding of the specificities of the social political and economic evolution of Matabeleland in colonial and post colonial Zimbabwe and the region's troubled relations with the

central state Historically it traces civil society in Matabeleland from the region's resistance against the colonial settler state to contemporary struggles for justice given the unresolved Gukurahundi legacy Civil society is depicted as constituted by a set of complex and shifting struggles for justice not simply between Matabeleland and the central state but also internally within Matabeleland along multiple fault lines including class and culture The relevance of understanding civil society in Matabeleland for Zimbabwe and Africa more widely is brought to the fore The book will be of interest and value to scholars of civil society politics and democratisation across the African continent *The Dictionary of National Biography, Founded in 1882 by George Smith*, 1922
