Sustainable Management for Managers and Engineers Carolina Machado, J. Paulo Davim, 2021-03-03 In a competitive and complex world where requirements from different fields are ever growing organizations need to be responsible for their actions in their respective markets However this responsibility must not be deemed one time only but instead should be seen as a continuous process under which organizations ought to effectively use the different resources to allow them to meet the present and future requirements of their stakeholders Having a significant influence on their collaborators performance the role developed by managers and engineers is highly relevant to the sustainability of an organizations success Conscious of this reality this book contributes to the exchange of experiences and perspectives on the state of research related to sustainable management Particular focus is given to the role that needs to be developed by managers and engineers as well as to the future direction of this field of research

Handbook of Research on Elderly Entrepreneurship

Adnane Maâlaoui, 2019-04-26 This handbook introduces readers to the concept of elderly entrepreneurship and analyzes key issues concerning individuals and institutions In addition it presents theoretical and empirical studies exploring the reasons why elderly persons choose to pursue entrepreneurship despite their advanced age To investigate this comparatively new entrepreneurial phenomenon the contributors address psychological sociological and gerontological aspects and share unique interdisciplinary insights The book s chapters are methodologically diverse and the scale of analysis ranges from individual cases to country level patterns At a time when the world s major economies are facing a demographic challenge due to ageing populations elderly entrepreneurship may provide new economic opportunities and motivate more inclusive policymaking

International Experience in Developing the Financial Resources of Universities

Abdulrahman Obaid AI-Youbi, Adnan Hamza Mohammad Zahed, Abdullah Atalar, 2021-10-04 This open access book aims to present the experiences

and visions of several world university leaders providing strategies and methods used to find various income sources for their institutions The expansion of a university system requires a corresponding increase in funding Consequently university administrators all over the world are in a constant search for additional funds If higher level institutions are expected to deliver high quality education and research their sustainable funding is crucial to the development of the countries they serve While governmental sources are a major part of the funding of most universities economic downturns as in the case of the COVID 19 crisis may reduce governmental contributions in this and cause administrators to look for various alternative sources to help them compete in a global setting This book offers valuable information and guidance to university leaders and administrators worldwide especially at a time when university budgets are under stress due to the COVID 19 pandemic with its dire financial and economic consequences **SAM Advanced Management Journal** ,2004 **Sustainable Public**

Procurement Anastasia O'Rourke,2013 With governments responsible for significant portions of national spending the promise of including sustainability considerations into that spending can enable policy makers to lead by example with sustainable public procurement SPP The report examines the state of sustainable public procurement policies and practices being undertaken by national governments worldwide in the last five years The research included a comprehensive literature and desktop review 19 interviews six country case studies and a survey of 273 SPP experts worldwide The objective was to create a baseline analysis that examines the evolving field of SPP and the drivers barriers needs and opportunities in SPP

Learning from Success Joe Bolger,2008 *Needles in Haystacks* Magda Nico,Marti Taru,Dunja Potočnik,Andrei Salikau,2017 Cross sectorality is a well known aspect of youth policy but the importance of this aspect does not translate into a common understanding of what cross sectoral youth policy means and of the ways it can be developed This book is a collection of articles detailing concrete experiences of cross sectoral youth policy implementation It starts with the idea that the efficacy and the sustainability of cross sectoral youth policy depends on the degree and nature of interaction between various youth policy subdomains and levels ranging from legal frameworks to interinstitutional or interpersonal relations and from pan European to local level By making these examples available this book will hopefully support the development of a common understanding of what cross sectoral youth policy means in different countries and settings The authors themselves reflect the diversity of the people involved in youth policy policy makers youth researchers youth workers and workers in the field of youth and this work represents their intention to provide these professionals as well as others interested in the youth field with the knowledge necessary to implement in a real life scenario cross sectoral youth policy *Choice* ,2004
