Sunday Times Good University:

EBOOK: Managing Successful Universities Michael Shattock, 2010-09-16 There is no truer text to the topic than *Managing Successful Universities*. The second edition is a full revision in which globalisation, managing financial disjuncture and the enhancement of research performance all loom larger than before. Like its predecessor, this book will be used throughout the English speaking world and beyond. Professor Simon Marginson, Centre for the Study of Higher Education, University of Melbourne. This is the manual par excellence for modern university leadership and management. In my role as a business school dean, it is by far the most useful single book I have ever read and continue to read. Professor Mark Taylor, Dean Warwick Business School, University of Warwick. When I began my career in university management, there was just one book on managing UK universities. Now there must be twenty or thirty, but none is as comprehensive, authoritative, readable and important as Shattock's *Managing Successful Universities*. Read this valuable book and learn much from it. David Palfreyman, Director of OXCHEPS and Bursar, New College, University of Oxford. This bestselling book defines good management in a university context and how it can contribute to university success. Extensively updated to reflect political, financial and social developments since the first edition, it includes a new chapter on the management of teaching and research and gives in depth coverage to managing retrenchment and the importance of human resource management. Drawing on the literature of management in the private sector as well as from higher education and on the experience of the author, it emphasizes the holistic characteristics of university management: The need to be outward looking and entrepreneurial in management style and The ways successful universities utilize the market to reinforce academic excellence.

The Essential Guide to UCAS Personal Statements Dominic Fuge, 2025-08-08 Practical and accessible guide for those supporting students writing their personal statement as part of their university application. This book has been written in direct response to UCAS changing its requirements for the personal statement for all students applying to university for 2026 entry. Shows in a persuasive and engaging way how the statement can be made personal so that it stands out from the crowd. Includes a range of case studies and examples spanning a variety of subject areas including Medicine, Economics, Philosophy, Geography and more. Stellar author Dominic Fuge has years of experience in helping students hone their personal statements.

Language and Power Andrea Mayr, 2008-08-21 How language is used in institutions and how institutions generate language is a key concern of both sociolinguistics and social theory. This readable and comprehensive introduction to language and power in institutions combines theoretical reflection with a strong analytical focus. Covering a range of institutional discourses and settings, each chapter in *Language and Power* closely examines institutional discourse practices and provides detailed steps to the critical analysis of institutional discourse, both linguistic and multimodal. This book is a long overdue contribution to the analysis of the way that institutions have the power to shape our thinking and understanding of the world and to construct identities.

Key Features This book contains fascinating examples from a variety

of institutional contexts including academia prison media and the military It brings together insights from multimodal critical discourse analysis social theory media studies and corpus analysis It is essential reading for advanced undergraduates and postgraduates doing sociolinguistics media studies communication and cultural studies

On Chester On Graeme J. White, 2015-05-19 Although there has been a University of Chester only since 2005 its predecessor Chester College dates back further than most UK universities to 1839 This book celebrates the 175th anniversary of the foundation in 2014 The story is a remarkable one of survival and success The early College was a pioneering venture with a unique approach to learning and the University still houses the first buildings in England specifically designed for the training of teachers Three times in the 1860s the 1930s and the 1970s Chester College came near to closure only repeatedly to emerge intact and to become stronger than before In the early twenty first century the University has a growing reputation within the higher education sector and can claim some of the highest rates of student satisfaction in the country The book s title is taken from the College motto of the late Victorian and Edwardian period as appropriate today as when it was coined *The University Challenge* Edward Byrne, Charles Clarke, 2020-01-24 More than ever we need our universities to be engines of change and social justice Universities can play a major role in making this complex and changing world a better place helping economies and societies to adapt and respond to the grand challenges we face from tackling climate change to harnessing artificial intelligence This is their mission and their challenge If universities are to remain true to their higher purpose they must also find a higher gear Ed Byrne and Charles Clarke show how transforming universities can change the world

Building Corporate Identity, Image and Reputation in the Digital Era T C Melewar, Charles Dennis, Pantea Foroudi, 2021-07-29 Brands corporate products service today are collectively defined by their customers deriving from personal experiences and word of mouth This book acts as a forum for examining current and future trends in corporate branding identity image and reputation Recognising the complexity and plurality at the heart of the corporate branding discipline this book fills a gap in the literature by posing a number of original research questions on the intrinsic nature of corporate branding ideas from corporate external and organisation internal identity perspectives as they relate to brand management corporate reputation marketing communications social media smart technology experiential and sensory marketing It incorporates current thinking and developments by both multidisciplinary academics and practitioners combining a comprehensive theoretical foundation with practical insights The text will serve as an important resource for the marketing identity and brand practitioners requiring more than anecdotal evidence on the structure and operation of stakeholders communication in different geographical areas It determines current practices and researches in diverse areas regions and commercial and non commercial sectors across the world The book provides scholars researchers and postgraduate students in business and marketing with a comprehensive treatment of the nature of relationships between companies brands and stakeholders in different areas and regions of the world
