MAGOJIRO

Magojira takes its name from sixteenth-century founder of the Kongo school of Noh acting, Kongo Magojira Hinanaga, and is reportedly modeled on his wife, who died at a young age. Kongo is said to have worn the mask on stage. Nicknamed "Onnokage" (face, visage), Magojira is a typical Kongo school character, of which this is a copy.

If one were to rank the attractiveness of female characters in Noh, this would be the pinnacle of noble feminine beauty. To perfect it thus demands more than simply superficial, symmetrical features. Magojira has a longer, narrower face than Kusunoki (p. 14), and a trace of a smile playing about her lips. This poses the greatest technical challenge for the maskmaker. Young, gentle features, a face just yet of womanly charm; a mask that speaks not so much of youthful naivety as of someone's wife, just the fraction older. It is the smooth, rounded curves that express this. Of paramount importance is the smile. Forming an open mouth, the corners slightly upturned, is the greatest challenge in Magojira—a subtle alteration to any angle of the mouth will affect the quality of the entire mask.

In Kongo school performances, Magojira is used for beautiful women of amiable disposition, in plays such as *Yori* and *Mitsuharu*.

Gaimushō. Jōhō Bunkakyoku,1963 The Ethos of Noh Eric C. Rath,2004 Since the inception of the noh drama six centuries ago actors have resisted the notion that noh rests on natural talent alone Correct performance they claim demands adherence to traditions Yet what constitutes noh's traditions and who can claim authority over them have been in dispute throughout its history This book traces how definitions of noh both as an art and as a profession have changed over time The author seeks to show that the definition of noh as an art is inseparable from its definition as a profession The aim of this book is to describe how memories of the past become traditions as well as the role of these traditions in the institutional development of the noh theater from its beginnings in the fourteenth century through the late twentieth century It focuses on the development of the key traditions that constitute the ethos of noh the ideology that empowered certain groups of actors at the expense of others and how this ethos fostered noh's professionalization its growth from a loose occupation into a closed regulated vocation The author argues that the traditions that form the ethos of noh such as those surrounding masks and manuscripts are the key traits that define it as an art *Contemporary Japan*,1941 *Masks and Masking* Gary Edson,2005 For at least 20 000 years masking has been a mark of cultural evolution and an indication of magical religious sophistication in society Ancient cave paintings depict figures with animal masks early Egyptians left images of humans with animal heads and Incan burial chambers contained masks of gold to cover the faces of the dead Ancient peoples wore masks to survive the elements succeed in combat confirm their identity attract spouses celebrate important events and venerate their personal and collective gods Current literature suggests an early association between masking and pietistic practice These and many other uses of masking are an important part of the record of human existence shedding light on the origins of belief systems and spiritualism in the earliest human societies Placing the mask in the broader context of the evolution of humanity this book argues that the mask itself should not be assessed in the service of any single function Instead the chapters integrate all functions to provide a comprehensive understanding of the mask as a powerful cultural phenomenon a means by which individual communities attempted to communicate their dignity and sense of purpose as well as to establish a continuum between the natural and supernatural worlds The book addresses the distinctive environments within which

masks flourished and the mask is analyzed as a manifestation of art ethnology and anthropology The discussion is augmented by more than 100 illustrations of masks chosen for what they reveal about fundamental emotional and spiritual perspectives as well as for their different styles shapes and designs *Japan* Patrick Smith,1998-05-25 a new startlingly clear sighted vision of the often misunderstood Japanese Publishers Weekly starred review An astute accessible and absorbingly original appreciation of a nation whose true colors have been exaggerated or misrepresented Kirkus Reviews featured review an excellent primer on post cold war Japan Time Smith has a discerning eye for the conflicted nature of ordinary Japanese Business Week Patrick Smith has produced a landmark book timely authoritative and completely engrossing that shows how Japan is engaged in a fundamental and far reaching redefinition of itself At the same time Smith says Westerners must also take a hard look at long held myths and assumptions about Japan s historical political social and psychological development In the tradition of Hedrick Smith s *The Russians Japan A Reinterpretation* is destined to become a classic work on a powerful yet still enigmatic country and its people *Threshold* Mary O'Malley,1965 *Heaven Has a Face; So Does Hell* Stephen E.
