Nothing is more important. Marshall Goldsmith bestselling author of Mojo and What Got You Here Won't Get You There. The most useful book about leadership. That is what we hope you and your team will say after finishing Power Score. Is your team running at full power? Only 10 percent of leaders run their teams at full power. The formula you are about to learn is based on the most extensive research of its kind, spanning more than 15,000 careers with over 9 million data points. The idea has been battle-tested for more than two decades by leaders in every major industry. It works. Successful leadership starts with three key questions: 1. Priorities: Do we have the right priorities? Only 24 percent of leaders do. 2. Who: Do we have the right people on the team? Only 14 percent of leaders do. 3. Relationships: Do we have the right relationships that deliver results? Only 47 percent of leaders do. Learn how to calculate your team's Power Score and how to improve each of the three key areas of leadership. Learn what to do and what not to do from compelling statistics and inspiring stories of those leaders who have succeeded and those who have failed. You may be surprised how easy it is to read this little book. And you may be even more surprised by how fast this approach will boost your team's results. When you dial up your team's Power Score, you will make a greater impact as a leader, help your team earn more money for your cause, whatever your cause may be, and enjoy greater career success. Praise for Power Score: Shaking distrust out of an organization is hard. But the payoff is immense. Bravo to Smart, Street, and Foster for sharing their ideas about how to make that happen.
