Passion + Profit with Author Ecosystems Monica Leonelle, 2025-10-25 Are you tired of following marketing advice that feels completely wrong for how you work? Wondering why strategies that work brilliantly for other authors leave you drained and frustrated? The problem isn't your effort; it's that you're trying to build someone else's business instead of your own. *Author Ecosystems* reveals the six distinct creative archetypes that determine how you naturally write, connect with readers, and build sustainable success. This isn't another one-size-fits-all marketing system; it's a personalized roadmap based on your unique creative energy patterns. Are you a precision-focused visionary who thrives on speed and strategic optimization like the Desert? A systematic builder who creates comprehensive interconnected creative worlds like the Grassland? A cultural moment creator who generates explosive impact through strategic timing like the Tundra? A relationship-focused author who builds loyal communities through consistent authenticity like the Taiga? A healing-centered storyteller who creates deep emotional connection and transformation like the Forest? Or an immersive experience creator who builds devoted fandoms and cultural movements like the Aquatic? What You'll Learn: How to identify your core archetype and leverage your natural creative strengths. Publishing paths: traditional, hybrid, indie that align with your energy instead of draining it. Audience growth strategies designed specifically for how your type connects with readers. Creative production methods that work with your natural rhythm, not against it. Email marketing approaches that feel authentic to your archetype. Sustainable paths to six-figure success without burning out or compromising your creative vision. Whether you're just starting your writing career or you're an established author ready to work smarter instead of harder, this book provides the framework to build success on your terms. Stop trying to force yourself into marketing strategies that weren't designed for you. Start building the writing career that actually fits who you are. *Author Ecosystems* was co-created by Monica Leonelle and Russell Nohely, but this comprehensive guide represents Monica's complete vision for the system, including the newly discovered sixth archetype, the Taiga, based on 2024 industry data. Your creative DNA isn't a limitation; it's your competitive advantage. Perfect for aspiring, beginning, and intermediate authors building their first sustainable writing business, as well as established authors ready to align their strategy with their authentic creative process.

[Take Your Own Advice](#) Jeffrey Marsh, 2023-05-16 For those who are givers, carers, and empaths, a guide to focusing that energy on yourself, even if that feels frightening. From popular LGBTQ activist and advocate Jeffrey Marsh. Like many of us, Jeffrey Marsh was conditioned to have an outward focus: to give to others, to be a good listener, and to be the one who gave the best advice. In Marsh's case, it was a method of survival. Growing up genderfluid in an unaccepting family, Marsh did everything they could to meet the needs of others and not have needs of their own. And ultimately, this meant Marsh put themselves in the backseat of their own life. In this heartfelt and sincere book, Marsh shares their story and the lessons they learned on the path back to themselves. Whether you're a survivor of abuse and trauma like Marsh, or you've passively accepted that your worth ought to be defined by your
