Frog Mo Yan:

Frog Yan Mo, 2015 The sweeping history of modern China through the lens of the nation's controversial one child policy Frog opens with a playwright nicknamed Tadpole who plans to write about his aunt In her youth Gugu the beautiful daughter of a famous doctor and staunch Communist is revered for her skill as a midwife But when her lover defects Gugu's own loyalty to the Party is questioned She decides to prove her allegiance by strictly enforcing the one child policy keeping tabs on the number of children in the village and performing abortions on women as many as eight months pregnant **Wa**

[Frog] Professor Yan Mo, 2011-05 Japanese edition of Wa Frog by Mo Yan the author of Red Sorghum This book is the winner of the 8th 2011 biannual Mao Dun Literature Prize It is interwoven with four long letters from a Chinese playwright to a Japanese writer and a play The playwright's aunt was an obstetrician in 1960's China when the country initiated the one child policy to control population growth Through her experience working under the State's iron fist the novel conveys the emotionally wrenching story hinting the overpowering shame felt by the intellectuals In Japanese Distributed by Tsai Fong Books Inc The Third Birth of Confucius Kashi Ram Sharma, 2022-04-27 The Third Birth of Confucius deals with the

Chinese sage and philosopher Confucius and his philosophical and politico-cultural legacies As the title suggests Confucius has once again taken birth in China Confucius died for the first time when he gave way to Buddhism in the tenth century but was reinvented again Neo-Confucianism This was the second birth of Confucius In the twentieth century under the influence of western ideas China's liberals and Marxists abandoned Confucius again But how long can a civilization live without any ideational orientation Hence the third birth of Confucius from AD 2000 onwards Confucius is emerging as a proxy word for cultural nationalism In fact it is not one Confucius who is taking birth in China but two One is the common man's Confucius which is authentic and genuine The other Confucius is promoted by the Chinese Government The author believes that soon either China will embrace democracy or it may implode and disintegrate like the former Soviet Union This book is an attempt to unravel the muddled reality of China and will definitely prove a landmark work in the field of Chinese Studies World Literature in Theory David Damrosch, 2014-01-28 World Literature in Theory provides a definitive exploration of the pressing

questions facing those studying world literature today Coverage is split into four parts which examine the origins and seminal formulations of world literature world literature in the age of globalization contemporary debates on world literature and localized versions of world literature Contains more than 30 important theoretical essays by the most influential scholars including Johann Wolfgang von Goethe Hugo Meltzl Edward Said Franco Moretti Jorge Luis Borges and Gayatri Spivak Includes substantive introductions to each essay as well as an annotated bibliography for further reading Allows students to understand articulate and debate the most important issues in this rapidly changing field of study Routledge Handbook of Modern Japanese Literature Rachael Hutchinson, Leith Douglas Morton, 2016-06-03 The Routledge Handbook of Modern Japanese Literature provides a comprehensive overview of how we study Japanese literature today Rather than taking a

purely chronological approach to the content the chapters survey the state of the field through a number of pressing issues and themes examining the ways in which it is possible to read modern Japanese literature and situate it in relation to critical theory The Handbook examines various modes of literary production such as fiction poetry and critical essays as distinct forms of expression that nonetheless are closely interrelated Attention is drawn to the idea of the bunjin as a person of letters and a more realistic assessment is provided of how writers have engaged with ideas not labelled a novelist or poet but a writer who may at one time or another choose to write in various forms The book provides an overview of major authors and genres by situating them within broader themes that have defined the way writers have produced literature in modern Japan as well as how those works have been read and understood by different readers in different time periods The Routledge Handbook of Modern Japanese Literature draws from an international array of established experts in the field as well as promising young researchers It represents a wide variety of critical approaches giving the study a broad range of perspectives This handbook will be of interest to students and scholars of Asian Studies Literature Sociology Critical Theory and History
