Psychology 4e Douglas A. Bernstein, Julie Ann Pooley, Lynne Cohen, Steve Provost, Jacquelyn Cranney, Neil Drew, 2023-11-03 Bernstein's Psychology takes a balanced approach to the discipline of psychology. The content of the text ranges across the history of psychological theories that aim to understand human behaviour from cell to society and includes multidisciplinary approaches. All content and assessment material is carefully constructed to develop the requisite skills to evaluate human behaviour with a scientific attitude. Linkages across the text help students to see a holistic picture and interrelated fields of psychology. Graduate competencies and psychological literacy continue to be a unique inclusion so that students master the knowledge, skills, and professional attributes required to practise psychology competently and safely. Indigenous and cross-cultural psychology content is covered in two chapters as well as being integrated throughout the text with a key focus on local research and examples. This edition expands this focus to review the development of Indigenous psychology and the growing number of Indigenous psychologists currently practising in Australia via snapshots, linkages, statistics, and examples. Instructor resources include Instructor's Manual, PowerPoint, Test Bank, and active learning. Premium online teaching and learning tools are available on the MindTap platform. Routledge Handbook of Trends and Issues in Tourism Sustainability, Planning and Development, Management, and Technology Alastair M. Morrison, Dimitrios Buhalis, 2023-09-12 The Handbook offers a comprehensive overview of theoretical and practical perspectives for tracking and interpreting trends and issues in tourism sustainability, planning and development, management, and technology. Tourism is a dynamic and unpredictable industry, and understanding its trends and issues is critical for the successful and sustainable development of the private and public sector. As such, this Handbook proposes clear definitions and provides a systematic classification scheme for such analysis. It reviews trends and issues in four thematic areas: tourism sustainability, planning and development, management, and technology, with contributions from 83 leading tourism scholars from across the globe. The Handbook provides insights on the differences among domestic, outbound, and inbound markets and acknowledges that the supply sub-sectors of tourism are diverse, highlighting variations by geographic regions. The book emphasises the necessity to prioritise sustainability and the achievement of the UN's Sustainable Development Goals (SDGs). Students and professionals interested in tourism, hospitality, and sustainability will find a wealth of multidisciplinary knowledge in this Handbook.
